- (2) Strike the phrase “frivolous litigation and unnecessary regulation with no benefit to Americans” and replace it with “failure to ensure adequate safety, privacy, and data security protections are in place.”
- (3) Insert at the end of the paragraph “The Committee will also consider whether the data NHTSA is collecting about autonomous vehicles currently being tested on American roads is sufficient to evaluate the safety benefits and risks of those vehicles, how to ensure Americans’ privacy is being protected as autonomous vehicles equipped with advanced sensor technologies are being deployed. The Committee will also consider whether any vehicle manufacturers are misrepresenting the “autonomous vehicle” capabilities of their existing passenger vehicles.”
