Hi [redacted]

Attached is a copy of all the documents that I just received from an anonymous sender (the email only says [redacted] and the envelope had no return address). It appears from the words she highlighted on the documents, that she wants me to know about other violations of NECC [In December 2006, I sent the firm a WL. The WL lists me as the CO contact and covers the repackaging of Avastin and other pharmacy compounding violations of the Act]. Will you log this in as a Complaint? I will send the information to CDER. Note that all the documents she sent me pre-date the WL; however, this information can be used for the WL follow-up inspection assignment.

Thanks,
[redacted]

NECC PHARMACY ANNOUNCES THEIR AGREEMENT WITH GENENTECH AS A PREFERRED VENDOR FOR ASEPTICALLY REPACKAGED AVASTIN™

Framingham, MA. June 21, 2006 – NECC pharmacy announces their agreement with Genentech as a preferred vendor for aseptically repackaged Avastin™. NECC pharmacy has gone through a rigorous licensure process that makes them one of the only nationally licensed compounding pharmacies, thus giving them the ability to **legally dispense** prescription medication in all **50 states**.

NECC's repackaged Avastin™ is:

- 25mg/ml
- Dispensed in a 1cc syringe with 0.15ml fill for a 0.05ml deliverable dose
- Supplied with a separate, new, pre-packaged, sterile, 30 gauge, ½" needle
- Preservative-free
- Cold shipped in tamper-proof and light resistant packaging

NECC is a compounding-only pharmacy dedicated to providing the highest quality compounded medications and service from our state-of-the-art facility. Our aseptically trained pharmacists:

- Have completed American Council on Pharmaceutical Education Accredited aseptic training courses
- Comply with USP Chapter 797 Guidelines for Aseptic Compounding
- Are members of the International Academy of Compounding Pharmacists (IACP)
- Maintain extensive Environmental Testing and Quality Assurance Programs

Attention Retina Physicians

You may wish to consider the following when ordering repackaged, single dose, Avastin™ to treat your patients....

Is the pharmacy licensed in your state?
Is the volume adequate?
Is the Beyond Use Date reasonable?
Is the needle sterile?

NECC's repackaged Avastin™ is:

- 25 mg/ml
- Dispensed in a 1cc syringe with 0.15ml fill for a 0.05ml deliverable dose
- Supplied with a *separate, new, pre-packaged, sterile*, 30 gauge, ½" needle
- Preservative-free
- Cold shipped in tamper-proof and light resistant packaging

NECC has earned a national reputation as a provider of high quality compounded medications and excellent service to patients and prescribers.
