Brian,
Lets do 9 - 10. Your place will be fine.
Doug

Thurs am works for me too.
John, can you attend?

Doug and Brian,

Continental will download the EEPROM data from one of the SDMs next Tuesday. So I would prefer to meet after we have that additional information.

At this time I have no specific time commitments for Thursday. So I would be agreeable to a Thursday morning meeting.

Subject Cobalt airbags

Brian,
It has been a while since we discussed this subject. When will we be able to meet again with the additional info John was planning to obtain?
SDM downloads were a significant part of what was planned to be studied in more detail.
Doug
