Subject: Saturn Ion and GMX001 Airbag Non-Deploy Claims

Doug,

Per your request, we looked for the number of claims that involved frontal airbag non-deployments for Saturn Ions and the GMX001 vehicles.

Attached is an Excel file with the totals by model year.

This is a raw number of claims. It does not account for vehicle sales volume or exposure time in the field.

I have additional files available as the backup material for the claims.

Let me know if you need additional information.

Thanks,

John Sprague
