Attachment 1—Additional Questions for the Record

The Honorable Susan W. Brooks

1. In Indiana we have a significant population below 150% of the federal poverty level (FPL) enrolled in the Indiana Marketplace, the majority of which – those below 138% FPL – should have moved to the Healthy Indiana Plan (HIP) once it became available. The Administration, however, maintains a ‘passive’ re-enrollment where individuals are kept in the Marketplace even if they don’t update their financial information; in many cases individuals are not informed that they may actually qualify for the less costly HIP program.
  - a. How do you view this omission? Is this a leadership issue? Is it an intentional lack of transparency?
  
2. In Indiana, initial projections showed that 500,000 Hoosiers were eligible for tax subsidies through the federal marketplace. Instead, recent numbers show that enrollment is less than 150,000.
  - a. 350,000 is more than a minor calculation error. In your experience, how would you explain this vast discrepancy?

Attachment 2—Member Requests for the Record

*During the hearing, Members asked you to provide additional information for the record, and you indicated that you would provide that information. For your convenience, descriptions of the requested information are provided below.*

The Honorable Tim Murphy

1. Please provide the committee with a detailed breakdown of the establishment and operational costs for the exchange that you represent.
2. Is the exchange which you represent required to perform an audit examining how grant money was spent, either at the state or federal level? If so, please provide the committee with copies of any and all applicable audits.
3. What does the exchange you represent anticipate future costs to be? How will your state absorb those costs?

The Honorable Bill Flores

1. What has been the impact on premiums in the state of Massachusetts from the plan assessments?
