Signature: _____ TMW _____ Date: 1/30/17 _____

Timothy M. Westmoreland

EDUCATION

Yale Law School
Duke University

J.D.
B.A. (summa cum laude)

PROFESSIONAL EXPERIENCE

Georgetown University Law Center
Washington, DC

Professor from Practice
May 2014 to present

Visiting Professor
2002 to 2014

Senior Scholar in Health Law
O'Neill Institute for National and
Global Health Law
2007 to present

Teach about legislation and statutory interpretation, health law, and the Federal budget process. Coordinate and review projects for the O'Neill Institute on Health Law. Served as principal investigator for a project on "Legal Solutions in Health Reform," funded by the Robert Wood Johnson Foundation. Received Robert Wood Johnson Foundation's "Investigator Award in Health Policy Research" to support work on the interaction of budget process and health policy.

Committee on Energy and Commerce
U.S. House of Representatives
Washington, DC

Consulting Counsel
2009 to 2014

Provided consultation services to the Committee on issues of health and budget policy and parliamentary procedure.

Bipartisan Policy Center
Washington, DC

Senior Advisor/Fellow
2013 to 2016

Provide consultation services to the Center on issues of health policy.

Committee on Oversight and Government Reform

U.S. House of Representatives
Washington, DC

Consulting Counsel
2004-2008

Provided consultation services to the Committee on issues of health and budget policy.

Office of Congressman Henry A. Waxman

U.S. House of Representatives
Washington, DC

Counsel
2001

Served as professional staff to the Congressman on public health, regulatory, and health financing issues before the Energy and Commerce Committee and the Government Reform Committee. Worked on pharmaceutical patent and exclusivity issues, responses to bioterrorism, vaccine safety and injury compensation, and primary care for the uninsured.

Center for Medicaid and State Operations

Health Care Financing Administration [now
Centers for Medicare and Medicaid Services]
U.S. Department of Health and Human Services
Washington, DC

Director
1999-2001

Served as chief Federal official for the Medicaid Program, the Child Health Insurance Program (CHIP), and other Federal-State insurance and quality assurance activities. Directed activities providing health coverage to 35 million people, with annual program spending of over \$120 billion in Federal funds and staffing of 1,100 Federal employees. Responsible for operations and policy on all issues, including eligibility, services, quality, and financing. Developed regulations and administrative guidance on issues ranging from de-linking Medicaid from cash-assistance programs, simplification and expansion of enrollment, services to people with disabilities and chronic illnesses, managed care and patient protections, and multi-billion-dollar financial abuses of the program.

Georgetown University Law Center

Federal Legislation Clinic

Senior Policy Fellow
January 1995-October 1999

Taught and supervised students in clinical program to provide skills in legislative advocacy through work with public interest groups dealing with the Congress. Helped develop a program of academic and applied study of legislative process and drafting. Director of the HIV Law and Policy Project, a seminar series on litigation and legislation regarding HIV/AIDS.

Advisory Committee on Tobacco Policy and Public Health

David A. Kessler and C. Everett Koop, Co-

Counsel
June 1997-October 1999

chairs
Washington, DC

Conducted legal and policy analyses and drafted both interim and final reports for the committee, which was formed to develop a comprehensive public health policy toward tobacco. Presented analyses to committee, press, and public of proposed tobacco liability settlements and legislation.

Henry J. Kaiser Family Foundation
Menlo Park, CA

Senior Advisor
July 1997-October 1999

Advised the foundation on HIV/AIDS research and demonstration projects, including prevention and education, treatment, and financing studies. Prepared in-depth analyses of Federal spending on HIV/AIDS and convened meetings on emerging issues.

**Elizabeth Glaser Pediatric AIDS
Foundation**
Santa Monica, CA

Federal Affairs Representative
January 1995-October 1999

Advised the foundation on Congressional and legislative activities regarding pediatric and perinatal HIV/AIDS and served as a registered lobbyist on the foundation's behalf. Drafted legislation, regulations, testimony, and administrative comments on issues ranging from intellectual property and pharmaceuticals, health care finance for people with chronic illnesses and disabilities, and HIV prevention and treatment.

**Subcommittee on Health and the
Environment**
(Congressman Henry A. Waxman, Chairman)
U.S. House of Representatives
Washington, DC

Counsel, 1987-1995
Assistant Counsel, 1980-1987
Special Assistant, 1979-1980

Conducted policy analysis, arranged oversight and legislative hearings, developed and drafted legislation, prepared committee reports on legislation, and was responsible for the general management of Subcommittee consideration of issues involving public health, reproductive health, biomedical research, biomedical ethics, and health regulation. Was principal staff-person on HIV/AIDS issues, disability, disease control (including vaccines and immunizations), privacy, mental health, and health information systems. Wrote and edited materials on these topics, including articles for lay and professional press, legislative materials, and speeches for the Chairman.

Clinton-Gore Transition Team
Washington, DC

Public Health Policy Advisor
November 1992-January 1993

Reviewed Federal public health agencies and policies, wrote briefing memos and working papers, and proposed public health initiatives for the incoming administration.

School of Hygiene and Public Health
Johns Hopkins University
Baltimore, MD and Washington, DC

Associate
1994-1995

Taught graduate course on public health policy and health care finance, including issues in integration of public health goals into comprehensive health finance reform.

Served as guest speaker for graduate programs in public health, medicine, law, political science, and journalism at such schools as the Columbia School of Journalism; the Georgetown School of Nursing and Health Studies and School of Public Policy; the Harvard Kennedy School of Government; the Johns Hopkins School of Hygiene and Public Health; and the Yale School of Medicine, School of Public Health, School of Nursing, and Graduate School.

REPRESENTATIVE ADMINISTRATIVE WORK

Medicaid Managed Care: Final Rule (42 CFR Part 400, et seq.): Regulations to provide for patient protections, quality assurance, and due process for Medicaid beneficiaries enrolled in managed care organizations.

State Child Health Insurance Program: Final Rule (42 CFR Part 431, et seq.): Regulations implementing the first formal administrative framework for the State Child Health Insurance Program, including quality assurance and appeals.

Federal Financial Participation Limits for Payments to States under the Medicaid Program: Final Rule (42 CFR Part 435, et seq.): Regulations allowing for more expansive resources tests for eligibility in the Medicaid program (the so-called “1902(r)(2)” flexibility) for people with disabilities and senior citizens, estimated to provide additional eligibility equivalent to \$1 billion over the succeeding five years.

Revision to the Medicaid Upper Payment Limit Requirements: Final Rule (42 CFR 447): Regulations to close loophole allowing States to claim additional Federal matching payments funding without making additional State payments and without improvements in eligibility, benefits, or quality.

Administrative Guidance on Olmstead (a series of five letters to all State Medicaid Directors): Guidelines on Federal and State activities to improve the provision of health care services to people with disabilities in the most integrated setting possible (as per the Supreme Court ruling on the Americans with Disabilities Act in *Olmstead v. L.C.* (327 U.S. 581 (1999))). (Letters found at <http://www.hcfa.gov/medicaid/olmstead/smdltrs.htm>.)

Administrative Guidance on Improving Enrollment of People Eligible for Medicaid (a series of letters to State Medicaid Directors): Guidance on de-linking the Medicaid program from cash assistance programs, on assuring ongoing eligibility of beneficiaries and reinstatement of those people inappropriately terminated, and on using simplified enrollment and quality control measures. (Letters found at <http://www.hcfa.gov/medicaid/smdhmpg.htm>.)

REPRESENTATIVE LEGISLATIVE WORK

Affordable Care Act of 2010, including provisions relating to budget treatment and direct spending, essential benefits, public health, Medicaid, and nondiscrimination.

American Recovery and Reinvestment Act of 2009, including provisions relating to health information technology and privacy of health information.

Omnibus Budget Reconciliation Act of 1993, including provisions relating to the federal purchase of vaccines for poor and uninsured children (1993) and provisions relating to providing Medicaid eligibility to individuals who are infected with tuberculosis.

National Institutes of Health Revitalization Act, including provisions relating to biomedical research on transplantation of fetal tissue, the inclusion of women in clinical trials, and women's health research (1993).

Breast and Cervical Cancer Morbidity and Mortality Prevention Act, creating a program of grants for state mammography and cervical cancer screening programs for women with no source of payment (1991).

Ryan White CARE Act, creating a program of grants for cities and States to provide HIV counseling, testing, early intervention services and AIDS health care programs (1990).

National Vaccine Injury Compensation Act, creating a federal no-fault compensation system to compensate children with injuries relating to the administration of routine pediatric vaccines and to assure the continued manufacture and availability of domestic vaccines (1987).

Federal Family Planning Programs, reauthorizing and revising the "Title Ten," federal family planning programs (1980-1995).

Food and Drug Administration Programs, reauthorizing and revising programs relating to regulation of prescription drugs and to the provision market incentives for the development of orphan drugs (1988-1995).

Centers for Disease Control and Prevention Programs, reauthorizing and revising programs relating to childhood immunization, infectious disease control, lead poisoning screening, and injury prevention (1980-1995).
