Kevin Kosisko

Vice President, Service, North America

ABB

Kevin Kosisko was appointed vice-president and regional manager for ABB Service in North America in June 2006. In this role he is responsible for lifecycle services for products and systems, consulting services for asset integrity management, process safety and industrial energy efficiency and full service maintenance operations in North America.

Prior to this appointment, Kevin served as vice-president and regional manager for the systems business within the ABB Process Automation Division North America. In this role he was responsible for delivering automation systems into the process industries with a strong focus on customer value and operational excellence.

In his 22 years with ABB, Kevin has held various management positions ranging from project management to business development. He joined ABB in 1999 as part of the Elsag Bailey Process Automation acquisition.

Kevin is currently a member of the ABB Global Service Council and a Regional Function Leader within the North American Executive Committee.

Kevin earned his bachelor's degree in electrical engineering from the University of Akron.
