Bob Dinneen President and CEO

Bob Dinneen is the President and CEO of the Renewable Fuels Association (RFA), the national trade association for the U.S. ethanol industry. As such, he is the ethanol industry's lead lobbyist before the Congress and Administration.

Mr. Dinneen joined the RFA in 1988 as Legislative Director, and became President in July of 2001. In this capacity he has led the association's effort to build coalitions in order to provide for marketplace growth for the industry. Most recently, these coalitions have resulted in expanding the historic Renewable Fuels Standard (RFS) to 36 billion gallons by 2022, as well as passage of the Volumetric Ethanol Excise Tax Credit (VEETC). In 2008 he was named one of the top lobbyists by Washington, DC's *The Hill* newspaper. Dinneen currently serves on the DOE/USDA Biomass Research and Development Technical Advisory Committee.

Mr. Dinneen has presented testimony before the Congress and Federal agencies on numerous occasions, and represented the ethanol industry's interests at state, national and international forums.

Prior to joining the RFA, Mr. Dinneen worked on Capitol Hill for various Members of Congress and Congressional committees.

Mr. Dinneen graduated from the Catholic University of America with a Bachelor's Degree in Political Science.
