biography

Name :
Graeme BURNETT

Title :
Senior Vice President, Fuel Optimization
Delta Air Lines

Born and educated in England, Graeme joined Foster Wheeler upon graduating with a B.Sc. in Chemical Engineering. Graeme then joined Lindsey Oil Refinery UK in 1980, part of the Total Group. Subsequently he has enjoyed a broad and successful experience in worldwide operations with Total in refining and petrochemicals, ultimately achieving the position of President and CEO of Total Petrochemicals & Refining USA Inc. before taking retirement in July 2013. Unready for retirement, Graeme accepted a new challenge with Delta Air Lines in August 2013, taking on the responsibility for their jet fuel supply, as well as assuming the role of Chairman of the Board of Monroe Energy, which is the refining affiliate owned by Delta. In November 2013, Graeme was awarded a Doctorate in Business Administration from Teesside University.

Graeme is married to Rebecca, a native Texan. They have three children and seven grandchildren, and enjoy splitting what little free time they have between the beach and the mountains.
