CHRIS PEEL

*Chief Operating Officer
Rheem Manufacturing Company*

Chief Operating Officer (COO) for Rheem since April 2008

Chris is responsible for advancing the operations of the entire Rheem organization, including leadership of the company's heating and cooling, water heating, pool and spa heating, commercial refrigeration, and aftermarket parts business units. In this capacity, he also leads research and development, manufacturing, sales and marketing, strategic sourcing, and national accounts. Chris leverages these broad capabilities to fulfill Rheem's brand promise of integrity, quality, and innovation.

Chris has more than 25 years of diverse industry experience. Prior to joining Rheem, he held positions with Heatcraft Worldwide Refrigeration, a division of Lennox International, including vice president and general manager and vice president, marketing and product development. He has also held a number of management positions with United Technologies Carrier Corporation, including director of product development, senior marketing manager, and customer business manager/engineering manager in the residential/light commercial and electronics business units.

Chris also spent four years with the Delphi Automotive Systems division of General Motors in various engineering roles. In addition, he served for seven years as an officer in the U.S. Navy with the Naval Reactors Division of the U.S. Department of Energy/Naval Sea Systems Command. He graduated with highest distinction with a master's of science degree in management and a bachelor's of science degree in electrical engineering, both from Purdue University. He also earned his naval officer's commission through the Navy ROTC program at Purdue University.

Chris and his family reside in Atlanta.
