Georgia Institute of Technology

M.S. Public Policy

Concentration: Environmental and Energy Policy

Atlanta, Georgia

Graduation: Spring 2011

Clemson University

B.S. Graphic Communications with honors

Minor: Business Administration

Clemson, SC

Graduation: Spring 2004

EXPERIENCE

Legislative Director, Energy and Transportation Program

Natural Resources Defense Council

Washington, DC

March 2015 – present

- Develops policy and advocates on federal building efficiency policies, building energy codes, incentives for high-efficiency buildings and products and other policies to promote building and appliance efficiency including coordinating with other key stakeholders.
- Experience working on federal energy tax, authorizing and appropriating legislation in Congress across areas of energy efficiency, renewable energy and grid modernization; working closely both with Congressional offices as well as industry partners.
- Experience working on formal and informal negotiations on highly technical areas of energy efficiency policy development.

Energy Efficiency Advocate

Natural Resources Defense Council

Washington, DC

May 2014 – March 2015

- Develops policy and advocates on federal building efficiency policies, building energy codes, incentives for high-efficiency buildings and products and other policies to promote building and appliance efficiency including coordinating with other key stakeholders.
- Serves a lead role in promoting the adoption of the strongest possible cost-effective appliance energy efficiency standards and test procedures by the U.S. Department of Energy.

Manager, Clean Energy Strategy

American Gas Association

Washington, DC

June 2011 – May 2014

- Served as subject matter expert on natural gas energy efficiency matters including federal and state efficiency policy and regulation, federal appliance efficiency standards, building energy codes, and ratepayer funded efficiency programs.
- Served a lead role in enhancing strategic alliances and trustworthy relationships with key environmental and energy efficiency advocates through socializing pivotal research, working collaboratively on projects and seeking opportunities to overcome barriers to deployment of innovative policies and practices.
- Experience building coalitions and working on negotiated recommendations to advance energy efficiency, including DOE appliance efficiency and other rulemaking efforts.

Graduate Research Assistant

Georgia Institute of Technology

Atlanta, Georgia

January 2010 – May 2011

- Supported the energy efficiency policy development and analysis for *Energy Efficiency in the South*, a publication released in 2010.
- Assisted the Southeast Energy Efficiency Alliance in development, coordination, and implementation of a competitive grant from the U.S. Department of Energy's Better Building Neighborhood Program, to launch 13 local energy alliances across the Southeast that advance energy efficiency.

Southeast Energy Efficiency Alliance Research Assistant

Southeast Energy Efficiency Alliance

Atlanta, Georgia

May 2010 – August 2010

- Completed a research project that analyzed relevant energy efficiency attitudes, behaviors and barriers of home owners in Charleston, SC and provided recommendations to leverage those attitudes and behaviors to strategically advance energy efficiency programs among those home owners.
- Provided policy research and analysis on various energy efficiency topics as needed, including energy efficiency tax credits, financing, and program design and implementation.
