BILL: H.R. 2910, Promoting Interagency Coordination for Review of Natural Gas Pipelines Act

AMENDMENT: An amendment by Mr. Rush, No. 1, to strike the provision regarding the effect on an agency if that agency is not designated as a participating agency with respect to an application for an authorization under section 3 of the Natural Gas Act or a certificate of public convenience and necessity under section 7 of such Act. Such agency may not request or conduct a NEPA review that is supplemental to the project-related NEPA review conducted by the Commission, unless the agency demonstrates that such review is legally necessary for the agency to carry out responsibilities in considering an aspect of an application for a Federal authorization; and requires information that could not have been obtained during the project-related NEPA review conducted by the Commission. In addition, FERC shall not consider any comments or other information submitted by such agency for the project-related NEPA review conducted by FERC or include any such comments or other information in the record for such project-related NEPA review.

DISPOSITION: NOT AGREED TO, by a roll call vote of 14 yeas and 17 nays.
