TODD G. GLASS

Partner, *Energy and Infrastructure*

EXPERIENCE:

Todd Glass is a partner at Wilson Sonsini Goodrich & Rosati, where he leads a market-leading energy and infrastructure practice focused on the representation of energy companies, project developers, and investors in the energy sector in North America, Asia, and Europe.

Todd has extensive experience with the development, purchase, and sale of renewable and thermal generation projects; structuring, negotiation, and implementation of energy transactions and financings; and state and federal regulation of the energy industry. He served various enterprises as lead project counsel in the commercialization, project development, regulatory approvals, and financing of alternative energy projects and technologies, including solar (solar photovoltaic (PV), concentrated solar, and solar thermal), wind, fuel cells/energy storage, biomass, hydroelectric, natural gas, and clean coal. Notably, he has led some of the most significant energy deals in North America, including landmark projects such as the 14.2 MW Nellis AFB Solar Project (the first utility-scale solar PV project in the U.S. in 2007), BrightSource Energy's power purchase agreements (totaling 900 MW) for its Ivanpah project (the world's largest solar thermal power plant), and Stem's 85MW energy-storage enabled distributed demand response agreement in Southern California (a first-of-a-kind utility-scale energy storage transaction).

Todd previously served as chair of Heller Ehrman's energy practice group and co-chair of its energy and clean technologies practice. Earlier in his career, he worked on environmental and energy policy issues for the Bonneville Power Administration, the Washington Utilities and Transportation Commission, an environmental consulting firm in contract with the U.S. Environmental Protection Agency in Washington, D.C., and the U.S. House of Representatives' Committee on Science and Technology.

EDUCATION:

- J.D., Northwestern School of Law of Lewis & Clark College, 1994
Certificate in Environmental and Natural Resources Law; Editor-in-Chief, Environmental Law, the law review of Northwestern School of Law of Lewis & Clark College (1993-1994)
- M.P.A., Environmental and Natural Resources Policy, University of Washington Graduate School of Public Affairs, 1992
- B.A., *magna cum laude*, Cornell University, College of Arts & Sciences, 1988

APPOINTMENTS, ASSOCIATIONS, AND MEMBERSHIPS:

- Adjunct Faculty/Lecturer, Energy Project Development and Finance, UC Berkeley School of Law (2012-present)
- Elected Director at Large and Executive Committee Member, Solar Energy Industries Association (SEIA) (2011-2015)
- External Advisory Board, Cornell University's Atkinson Center for a Sustainable Future
- Cornell Silicon Valley Advisors
- Trustee, Mountains to Sound Greenway Trust (2002-present)

ADMISSIONS:

- Bar of the District of Columbia, State Bar of New York, State Bar of Oregon, State Bar of Washington
