

DOE

DOE R&D Investments FY 2017-2019

Several DOE offices work on storage. From FY17-19, DOE storage funding totaled \$1.24 billion, with \$696 million in EERE. The wide range of offices involved supports the need for an integrated strategy to inform leadership investment decisions.

DOE Total
(FY17-19):
\$1.24 B

EERE Total
(FY17-19):
\$697 M

DOE

FY 2017 - 2019, Energy Storage Activities, by Sub-Group

DOE funding for energy storage has trended upward from FY17-FY19, with some exceptions. Year-to-year variance is attributed to factors such as FOA and Lab funding cycles.
