

Jennifer Curran – CV

Jennifer Curran is the Senior Vice President, Planning & Operations for MISO. In that role she oversees a broad array of functions including the company's transmission and resource planning efforts, market operations and system operations.

Ms. Curran has spent the last twenty years focused on delivering reliability and economic value to customers through wholesale electricity markets, operations and infrastructure planning. Since joining MISO in 2004, she has served in various strategic, business planning and operational oversight roles. Notably, Ms. Curran was a leader in the development of the industry-leading Multi-Value Project transmission planning approach. She currently serves on the Energy Systems Integration Group (ESIG) Board of Directors, and the Community Health Network Foundation Board of Directors.

Prior to joining MISO, Ms. Curran was Manager of Power Generation & Supply Strategy for MISO and PJM at Reliant Resources. She holds a Bachelor of Science degree in Mechanical Engineering from Rice University and a Master of Business Administration from Duke University.
