Mr. Jose Costa
President and CEO
Northeast Gas Association
1800 West Park Drive
Suite 340
Westborough, MA 01581

Dear Mr. Costa:

Thank you for appearing before the Subcommittee on Energy on Tuesday, March 17, 2026, to testify at the hearing entitled “Winter Storm Fern Lessons: Supplying Reliable Power to Meet Peak Demand.”

Pursuant to the Rules of the Committee on Energy and Commerce, the hearing record remains open for ten business days to permit Members to submit additional questions for the record, which are attached. The format of your responses to these questions should be as follows: (1) the name of the Member whose question you are addressing, (2) the complete text of the question you are addressing in bold, and (3) your answer to that question in plain text.

To facilitate the printing of the hearing record, please respond to these questions with a transmittal letter by the close of business on Tuesday, June 9, 2026. Your responses should be mailed to Seth Ricketts Legislative Clerk, Committee on Energy and Commerce, 2125 Rayburn House Office Building, Washington, DC 20515 and e-mailed to Seth.Ricketts@mail.house.gov.

Thank you again for your time and effort preparing and delivering testimony before the Subcommittee.

Sincerely,

A handwritten signature in blue ink that reads "Robert E. Latta". The signature is written in a cursive style with a large initial "R" and a stylized "Latta".

Robert E. Latta
Chairman
Subcommittee on Energy

Additional Questions for the Record

The Honorable Bob Latta (R-OH)

1. It is no secret that the Northeastern states have limited natural gas pipeline capacity. This is largely a result of state policies that attack fossil fuels, and frivolous litigation from environmentalists. What is the practical effect of limited natural gas capacity into the Northeast, particularly during a weather event like Winter Storm Fern?
