Please list any <u>contracts or payments originating with a foreign government</u> that you or the entity(ies) you represent have received <u>on or after January 1, 2023</u> . Only grants, contracts, or payments related to the subject matter of the hearing must be listed.		
6. Are you a fiduciary (i.e., authorized to act on behalf of or for the benefit of) for any entity that has an interest in the subject matter of the hearing?	Yes	No X
7. Please attach your curriculum vitae to your completed disclosure form. Attached.		

Signature:

Maria Korsnick

Date: September 11, 2026

Maria Korsnick

President and Chief Executive Officer

Maria Korsnick is president and chief executive officer of the Nuclear Energy Institute, the nuclear industry's policy organization in Washington, D.C., a role she has held since January 1, 2017.

Drawing on her engineering background, hands-on experience in reactor operations and a deep knowledge of energy policy and regulatory issues, Korsnick aims to increase understanding of nuclear energy's economic and environmental benefits among policymakers and the public.

As part of her duty to NEI's members, she serves as a member of the boards of directors of the U.S. Energy Association and the Foundation for Nuclear Studies. She also serves as a member of the Export-Import Bank's Advisory Committee, trustee of the Nuclear Power Labor Management Cooperation Committee Trust, vice chair of the University of Maryland Department of Mechanical Engineering External Advisory Committee, and a member of the Purdue University School of Nuclear Engineering Advisory Board.

Before joining NEI, she was senior vice president of Northeast Operations for Exelon, responsible for overseeing operation of the Calvert Cliffs 1 and 2, R.E. Ginna, and Nine Mile Point 1 and 2 nuclear power plants.

Before Exelon, Korsnick served as chief nuclear officer (CNO) and acting chief executive officer at Constellation Energy Nuclear Group. She began her career at Constellation in 1986 and held positions of increasing responsibility, including engineer, operator, manager, site vice president, corporate vice president, and CNO.

Korsnick holds a bachelor's degree in nuclear engineering from the University of Maryland, and has held a Senior Reactor Operator license. She lives in Maryland with her husband, and they are the parents of two adult children.
