CLINICAL SERVICE CONTRIBUTIONS:**Children's Healthcare of Atlanta, 2006-present**

- Designed Child Abuse Pediatrics Fellowship program and received accreditation from ACGME, 2012
- Collaborated with Emory Dept of Psychiatry and Behavioral Sciences to obtain SAMHSA funding for a multi-faceted project that will build community capacity in rural Georgia for providing evidence-based mental health therapies to maltreated victims and their families. The 4 year grant funds the following activities:
 - a. Design and pilot telemental health network to provide trauma-focused cognitive behavioral therapy to children and families in 3 rural counties of North Georgia.
 - b. Expand the rural mentoring program for mental health providers who need training in evidence-based techniques for providing therapy to abused children and their families. Expansion to cover North Georgia.
 - c. Conduct webinars for multidisciplinary professionals working in child maltreatment to raise awareness and increase knowledge regarding the need for mental health therapy for traumatized children.
 - d. Expand mental health services to children in metro Atlanta region.
- Created a telemedicine network for child protection, providing real-time medical exam consultations, second opinions, peer review sessions for medical providers and continuing education lectures via distance learning and webinar series. 16 sites in network.
- Established program for suspected child victims of commercial sexual exploitation, providing after-hours medical exams, as well as comprehensive medical and forensic interviews.
- Created and implemented webinar and computer-based training curriculum for medical professionals regarding commercial sexual exploitation of children. This program is to be used to provide training statewide/nationally.
- Established webinar series of lectures on child maltreatment, providing continuing education to medical and nonmedical professionals throughout Georgia and in other states.
- Established an After-Hours program to provide nurse practitioner coverage of acute sexual assault cases presenting to CHOA Emergency Departments (SR, Hughes Spalding and Egleston).
- Collaborated with Emory Dept of Psychiatry and Behavioral Sciences to bring behavioral health assessments and treatment to children and families at the Center for Safe and Healthy Children (psychology post-doc positions).

- Collaborated with Emory Dept of Psychiatry and Behavioral Sciences to establish program providing telepsychiatry consultations for child maltreatment victims in 3 northeastern Georgia counties.
- Collaborated with Emory Dept of Psychiatry and Behavioral Sciences, Department of Family and Children's Services (DFCS), and Powerhouse for Kids Child Advocacy Center to create and implement a Child Protection Health Team to serve 3 northeastern Georgia counties. This program provides DFCS workers with recommendations for medical evaluations on children reported for maltreatment, telemedicine consultations for medical exams, behavioral health assessments and therapy, and mentoring of rural mental health providers using teletechnology.
- Created primary child physical abuse prevention program for community medical providers, "Partnerships for Healthy Communities." Piloted in 3 northeastern Georgia counties.
- Provided oversight of the implementation of a primary prevention program for abusive head trauma, "The Period of Purple Crying," at Children's Healthcare of Atlanta NICU's. Program has expanded to 20 additional organizations around Georgia.
- Provided oversight of implementation of a primary sexual abuse prevention program to Children's Healthcare of Atlanta staff, "Stewards of Children."

Children's Hospital of Wisconsin, 2000-2006

- Created and implemented covert video surveillance program for diagnosis of Munchausen Syndrome by Proxy.
- Established After Hours program to provide medical exams for patients presenting to Emergency Department with acute sexual assault
- Established medical neglect clinic at Child Protection Center
- Designed medical neglect 'template' for use by community and clinic physicians
- Chaired committee that produced the "Protocol for a Collaborative Response to Child Neglect in Milwaukee County" (This committee was composed of leaders from the majority of agencies and organizations in Milwaukee County involved in child neglect investigations, evaluations and management, as well as the judiciary. The protocol was designed to optimize collaboration and communication between workers investigating and managing child neglect cases.)
