Critical Care

Richard T. Fiser: 1 case report

Other Teaching Duties

- Lecture for School of Pharmacy: 2 one-hour lectures, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003
- Pediatric Grand Rounds: 7
- UAMS outreach/AHEC lectures: 4
- Radio/television/newspaper interviews: 16
- Other lectures throughout Arkansas to non-physician groups: 55

Arkansas Department of Health Courses

Congenital syphilis. Presented at the STD/HIV Intensive Training Course. Arkansas Department of Health. Little Rock, Arkansas. Presented 11 times from July 1, 2001- June 30, 2006.

Baylor College of Medicine: Undergraduate Medical Education

Medical Student Advisor

Melanie Goebel: 2010-2012
Caitlin Rexses: 2011-2013
Brittany Wise: 2013-2015
Jonathan Whitehouse: 2013-2015

Sophomore Medical Students

International Health Reading elective lecture (one 2.5 hour session): 2007, 2008, 2009, 2010
Patient, Physician, and Society Course and physical examination teaching volunteer (3 hours): 2009, 2010

Junior/Senior Medical Students

Intensive Course in Travel and Tropical Medicine
2009: 2 hours of lecture
2010: 3 hours of lecture
2011: 3 hours lecture
APEX course: 2 hours of lecture: 2010, 2011

International Health Track for Medical Students Mentor

Acacia R. Cognata: 2010-2011
Roshni Patel: 2010-2011
Jonathan Whitehouse: 2013-2015
Katie Hathaway: 2013-2015

Program Information Forms (PIF) and Residency Review Committee Site Visits

Participated as a faculty member in the Site Review by the Residency Review Committee for the Core Pediatric Program May 1997

Completed Pediatric Infectious Disease Program Information Form for initial application as an accepted training site that was one of only two programs accredited without site visit: 1996-1997

Completed Pediatric Infectious Disease Program Information Form (PIF) as the Subspecialty Resident Program Director for the site visit May 2003 resulting in continued full accreditation, 5 years

Completed the Core Pediatric Program Information Form (PIF) as the Program Director for the site visit May 2003 resulting in continued full

accreditation, 5 years

University of Arkansas for Medical Sciences Department of Pediatrics Educational Courses Developed or Directed

- Infectious disease unknowns course director – a lecture series for junior medical students on the Pediatric Core rotation that meets weekly on Thursdays from 7:30-8:30 a.m., 1991-1998, 2004-2006
- Developed the current method for in-patient general pediatric morning report: 1997
- Department of Pediatrics continuing medical education course: 1997
- Restructured pediatric in-patient ward rotation to include 4 days off per week: 1998
- In-patient – out-patient cardiology rotation for pediatric house staff: 1998
- Subspecialty out-patient rotation for pediatric residents: 1998
- Pediatric resident board review: 1997-1998, 1998-1999, 1999-2000, 2000-2001, incorporated into regular lecture series after 2001
- Intern orientation lecture series (July-August each year): 1998, 1999, 2000, 2001, 2002, 2003, 2004
- Prepared 3-year core curriculum lecture series for the pediatric residents: 2000, 2003
- Organized and ran the Intern retreat held over one weekend each year: Intern class of 1997, 1998, 1999, 2000, 2001, 2002, 2003
- Restructured the hematology-oncology to an in-patient – out-patient rotation for pediatric house staff: 2001
- Proposed and implemented program to add 2 additional categorical pediatric residents per year: 2002
- Implemented the use of personal digital assistants (PDAs) for the residents use in the hospital: 2002
- Implemented a ward admission team to ease the nighttime requirements of the pediatric ward residents on call: 2003
- Implemented a mandatory endocrinology elective as part of the curriculum for all categorical pediatric residents: 2003
- Instituted a pre-test and post-test focusing on antimicrobial agents for the medical students and residents taking the Pediatric Infectious Disease Elective
- Restructured the months in the NICU for the residents: 2004
- Division of Pediatric Infectious Diseases yearly continuing medical education course director: 1995, 1996, 1997, 2005, 2006

Baylor Pediatric AIDS Corps Pre-Service Training

1st Training Session (July 17th-August 11th, 2006): Course Co-Director. Delivered 11 hours of lecture and the development of 6 cases for group discussion. Developed and administered a pre-test and post-test focusing on issues relating to HIV management for the physicians in the Pediatric AIDS Corp. 51 participants.

2nd Training Session (July 16th-August 10th, 2007): Course Co-Director. Delivered 11.5 hours of lecture and the development and moderation of 9 group sessions. Developed an expanded pre-test and post-test with review of post-test results. 25 participants. Approved for 91.5 AMA PRA Category 1 credits for continuing medical education.

3rd Training Session (July 14th-August 8th, 2008): Course Co-Director. Delivered 13.5 hours of lecture and the development and moderation of 8 group sessions. Developed and administered pre-test and post-test with review of post-test results. 18 participants. Approved for 96.3 AMA PRA category 1 credits for continuing medical education.

4th Training Session (July 14th-July 24th, 2009). Course Co-Director. Delivered 3.5 hours of lecture. Developed and administered a revised pre-test and post-test with review of post test results. 28 participants. Approved for 41 AMA PRA category 1 credits for continuing medical education.

5th Training Session (July 19th-July 30th, 2010). Course Co-Director. Delivered 4 hours of lecture. Developed and administered a revised pre-test and post-test with review of post test results. 6 participants. Approved for 46 AMA PRA category 1 credits for continuing medical education.

Baylor International Pediatric AIDS Initiative Educational Programs

Moderator for the Pediatric HIV Session at the Botswana International HIV Conference, Gaborone International Convention Center, Gaborone, Botswana, September 15, 2006.

Yunnan Province Pediatric Clinical Workshop on HIV/AIDS. Kunming HIV/AIDS Hospital, Kunming, China, November 8-10, 2006, Kunming, China. Directed and organized the BIPAI contribution of the program that included 9 lecture sessions and gave 5 of the lectures.

Advanced Training of Trainers for Paediatric HIV and AIDS, United Nations International Children's (UNICEF) and Baylor International Paediatric AIDS Initiative (BIPAI), The Oberoi Hotel, New Delhi, India June 26-June 30, 2007. Directed and organized the BIPAI contribution of the program that included 13 lecture sessions and gave 7 of the lectures. Attendees were from India, Nepal, Pakistan, Bhutan, Bangladesh, Sri Lanka, China, Myanmar, Papua New Guinea.

Scientific Program Director for the 11th Baylor International Pediatric AIDS Initiative Network Meeting. ICON Hotel, Houston, Texas, May 18-21, 2009.

Transitioning Global Health Technologies from Labs to LDCs. Panel Participant. Panel Discussion on Regulatory Issues and Medical Ethics Concerns. Rice University, Houston, Texas, November 6, 2009.

Texas Children's Global Health Corps/Global Health Residents Pre-Service Training

1st Training Session (July 5th-July 29th, 2011): Medical Course Director. Delivered 8 hours of lecture. Developed a pre-test and post-test with review of post-test results. 14 participants (11 Global Health Corps and 3 Global Health Residents). Approved for 91 AMA PRA Category 1 credits for continuing medical education.

2nd Training Session (July 2th-July 26th, 2012): Course Director. Delivered 9 hours of lecture. Developed a pre-test and post-test with review of post-test results. 27 participants (22 Global Health Corps and 5 Global Health Residents). Approved for 107 AMA PRA Category 1 credits for continuing medical education.

4th Training Session (July 1th-July 25th, 2014): Course Director. Delivered 9 hours of lecture. Developed a pre-test and post-test with review of post-test results. 9 participants (6 Global Health Corps and 3 Global Health Residents). Approved for 94.75 AMA PRA Category 1 credits for continuing medical education.

Continued as invited speaker 2015-2017

Baylor College of Medicine, Department of Pediatrics, Global Health Program

29. Thammsitboon S, Ligon BL, Singhal G, **Schutz GE**, Turner T. Creating an educational enterprise: Leveling the playing fields of medical science research vs. medical education within the core missions. International Association for Medical Education. Helsinki, Finland, August 2017.

* Member of the study group

Symposia

1. **Schutz GE**, Mizwa MB, Wanless RS, Kline MW. Building a Children's Clinical Centers of Excellence Network to Treat Pediatric HIV/AIDS in Resource Limited Settings. 57th Annual Meeting of the American Society of Tropical Medicine and Hygiene. New Orleans, Louisiana, December 2008.

Workshop

1. **Schutz GE**. How to succeed as a clinician-educator...Going beyond being a great teacher. National Educators Conference. Texas Children's Hospital and Baylor College of Medicine. Houston, Texas, February 2014.

Invited Presentations

1. Anaerobic infections of infants and children. Presented at the Baylor College of Medicine Pediatric Grand Rounds, Houston, Texas, September 22, 1989.
2. Pediatric infectious disease emergencies. Presented at Practical Aspects of Pediatric Critical Care for the Primary Care Physician, San Antonio, Texas, May 18, 1991.

3. Congenital syphilis. Presented at the 10th Annual Public Health Nursing Association of Arkansas (PHAA) Conference. Little Rock, Arkansas, October 4, 1991.
4. Congenital syphilis. Presented at the 3rd Annual Association for Practitioners in Infection Control. Little Rock, Arkansas, December 13, 1991.
5. An infectious diseases utopia: day care. Presented at University of Arkansas for Medical Sciences Pediatric Grand Rounds, Arkansas Children's Hospital, Little Rock, Arkansas, February 18, 1992.
6. Sepsis and meningitis. Presented at the Symposium on Critical Care and Emergency Medicine. Hot Springs, Arkansas, March 28, 1992.
7. Infectious diseases and immunizations: An ever-changing picture. Presented at the Fall meeting of the American Academy of Pediatrics-Arkansas Chapter. Little Rock, Arkansas, September 25, 1992.
8. Acquired immunodeficiency syndrome and sexually transmitted diseases: National and state trends and their impact on our children. Presented at the Arkansas Department of Health Pediatric Update Symposium, Little Rock, Arkansas, October 29, 1992.
9. Medical management of meningitis. Presented at the Arkansas Children's Hospital Department of Pharmacy Continuing Education Program: "Pediatrics: Management of Common Infectious Diseases." Brandon Conference Center, Arkansas Children's Hospital, Little Rock, Arkansas, October 30, 1992.
10. Congenital syphilis. Presented at the 1993 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, April 3, 1993.
11. Congenital cytomegalovirus infection. Presented at the 4th Annual Arkansas Perinatal Association Meeting. Little Rock, Arkansas, April 15, 1993.
12. Perinatal HIV in Arkansas. Presented at the "Fetal Alcohol Syndrome Prevention Program". Arkansas Children's Hospital, Little Rock, Arkansas, May 10, 1993.
13. Sepsis in neonates: Diagnosis and treatment. Presented at the "1er Curso Internacional De Pediatria", Lima, Peru, June 8-10, 1993.
14. Meningitis in neonates. Presented at the "1er Curso Internacional De Pediatria", Lima, Peru, June 8-10, 1993.
15. Third generation cephalosporins: Their use in pediatrics. Presented at the "1er Curso Internacional De Pediatria", Lima,

Peru, June 8-10, 1993.

16. Congenital syphilis. Presented for the Arkansas Department of Health Statewide Staff Conference, Arkadelphia, Arkansas, June 23, 1993.
17. New antibiotics in pediatrics. Presented at the Fall Meeting of the American Academy of Pediatrics-Arkansas Chapter, Fayetteville, Arkansas, September 10, 1993.
18. Tuberculosis-a new look. Presented at the Fall Meeting of the American Academy of Pediatrics-Arkansas Chapter, Fayetteville, Arkansas, September 11, 1993.
19. Nosocomial bacterial infections of the central nervous system, respiratory tract, and skin in pediatric patients. Presented at the 5th Annual Education Conference of the Association for Practitioners in Infection Control-Arkansas Chapter, Little Rock, Arkansas, December 3, 1993.
20. Update on antibiotic-resistant Pneumococcus. Presented at the 1994 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs Arkansas, March 18, 1994.
21. Common parasitic diseases. Presented at the 1994 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 18, 1994.
22. AIDS update. Presented at The University of Arkansas for Medical Sciences and The University of Tennessee College of Medicine Symposium on Critical Care and Emergency Medicine. Hot Springs, Arkansas. April 9, 1994.
23. *Salmonella* infections: The chicken or the egg. Presented at the University of Arkansas for Medical Sciences Department of Pediatrics Grand Rounds, Arkansas Children's Hospital, Little Rock, Arkansas, May 17, 1994.
24. Pneumococcal resistance. Presented at the Medical Staff Meeting of Arkansas Children's Hospital. September 20, 1994.
25. Update on hearing deficits and infectious diseases. Presented at the Annual Meeting of the Arkansas Speech-Language-Hearing Association. Hot Springs, Arkansas, October 6, 1994.
26. Bacterial diarrheal infections: Infectious dangers to laboratory workers. Presented at the Annual Meeting of the Southwestern Association of Clinical Microbiology. Little Rock, Arkansas, October 27, 1994.
27. *Salmonella* infections in Arkansas. Presented at the 1995 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 11, 1995.

28. Case presentations. Presented at the 1995 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 11, 1995.
29. Sexually transmitted diseases and the infant. Presented at the Partners in Perinatal/Pediatric Care Conference. North Little Rock, Arkansas, April 3, 1995.
30. Day care infections. Presented at the 1995 Head Start Conference. Little Rock, Arkansas, September 21, 1995.
31. *Salmonella* infections in Arkansas. Presented at the Arkansas Clinical Microbiology Society meeting. Little Rock, Arkansas, January 18, 1996.
32. Conidia, Camden and you: Pediatric blastomycosis in Arkansas. Presented at the University of Arkansas for Medical Sciences Department of Pediatric Grand Rounds, Arkansas Children's Hospital, Little Rock, Arkansas, February 6, 1996.
33. Congenital cytomegaloviral infections. Presented at the 1996 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 8, 1996.
34. Ehrlichiosis. Presented at the 1996 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 8, 1996.
35. Infectious diseases of the newborn. Presented at the 5th Annual Northwest Arkansas Regional Perinatal Conference. Fayetteville, Arkansas, May 17, 1996.
36. Ehrlichiosis. Presented at the 18th Annual Family Practice Intensive Review. Little Rock, Arkansas, June 1, 1996.
37. Salmonellosis in children less than four years of age. United States Animal Health Association National Meeting. Little Rock, Arkansas, October 17, 1996.
38. Management of infants born to mothers with sexually transmitted diseases. Presented at the 1996 Annual Meeting of the Interstate Postgraduate Medical Association. Washington, D.C., November 3, 1996.
39. Rotavirus vaccine. Presented at the University of Arkansas for Medical Sciences Department of Pediatric Grand Rounds, Arkansas Children's Hospital, Little Rock, Arkansas, November 12, 1996.
40. Vaccines of tomorrow. Presented at the 1997 Infectious Diseases Update. Big Cedar Lodge, Branson, Missouri, March 7, 1997.

41. When to use hepatitis A vaccine. Presented at the 1997 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Big Cedar Lodge, Branson, Missouri, March 7, 1997.
42. Bacterial meningitis. Presented at the 11th Annual Symposium on Critical Care and Emergency Medicine, Sponsored by the University of Arkansas for Medical Sciences and University of Tennessee College of Medicine. Hot Springs, Arkansas, April 4, 1997.
43. Pediatric infectious diseases emergencies. Presented at the 11th Annual Symposium on Critical Care and Emergency Medicine, Sponsored by the University of Arkansas for Medical Sciences and University of Tennessee College of Medicine. Hot Springs, Arkansas, April 4, 1997.
44. Bacterial meningitis. Presented at the 104th Annual Arkansas Medical, Dental, and Pharmaceutical Associations Scientific Meeting. Hot Springs, Arkansas, May 2, 1997.
45. Fascinomas. Presented at the University of Arkansas for Medical Sciences Department of Pediatrics 1997 Pediatric Update. Fairfield Bay, Arkansas, June 20, 1997.
46. Bacterial meningitis. Presented at the University of Arkansas for Medical Sciences Department of Pediatrics 1997 Pediatric Update. Fairfield Bay, Arkansas, June 21, 1997.
47. Antibiotics: Toxicities, and new agents. Presented at PREP:ID An intensive review course of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 17, 1997.
48. Zoonoses. Presented at PREP:ID An intensive review course of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 17, 1997.
49. Infectious diseases of childhood. The Michael Carter Primary Care Conference. University of Arkansas for Medical Sciences. Little Rock, Arkansas, September 18, 1997.
50. Tick diseases in children. Presented at the 4th Regional Holt-Krock Pediatric Conference. Holt-Krock Clinic Department of Pediatrics. Ft. Smith, Arkansas, October 4, 1997.
51. Diarrhea and day care. Presented at the 1998 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 6, 1998.
52. Pneumococcal resistance. Presented at the 1998 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 7, 1998.

53. Ehrlichiosis. Presented at the 1998 Spring Session of the American Academy of Pediatrics. Atlanta, Georgia, April 7, 1998.
54. Tularemia and tick prevention. Presented at the 1998 Spring Session of the American Academy of Pediatrics. Atlanta, Georgia, April 7, 1998.
55. Ehrlichiosis. Presented at the 20th Annual Family Practice Intensive Review Course. University of Arkansas for Medical Sciences. Little Rock, Arkansas, June 7, 1998.
56. *Salmonella* infections in Arkansas. Presented at the Association for Professionals in Infection Control and Epidemiology (APIC) Quarterly Meeting and Educational Conference. Little Rock, Arkansas, September 18, 1998.
57. Lower respiratory tract infections in children. 22nd Annual Pediatric Postgraduate Conference. Texas Tech University Health Science Center. Lubbock, Texas, September 25, 1998.
58. Rotavirus infection and prevention. 22nd Annual Pediatric Postgraduate Conference. Texas Tech University Health Science Center. Lubbock, Texas, September 26, 1998.
59. Lower respiratory tract infections in children. Presented at the 1999 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Big Cedar Lodge, Branson, Missouri, March 6, 1999.
60. The growing problem of food-borne illness. Presented at the 1999 Primary Care Pediatric Conference. Heber Springs, Arkansas, May 8, 1999.
61. Epidemiology of salmonellosis in Arkansas. 51st Annual Education Meeting of the Florida Environmental Health Association. Orlando, Florida, May 27, 1999.
62. The growing problem of food-borne illness. Presented at the University of Arkansas for Medical Sciences Department of Pediatric Grand Rounds, Arkansas Children's Hospital, Little Rock, Arkansas July 6, 1999.
63. Congenital infections. Presented at the University of Arkansas for Medical Sciences Department of Obstetrics and Gynecology Grand Rounds, University of Arkansas for Medical Sciences, Little Rock, Arkansas, July 28, 1999.
64. Infectious Diseases Unknowns. Presented at the 1999 National Conference & Exhibition of the American Academy of Pediatrics. Washington, D.C., October 9, 1999.
65. Fever of unknown origin in children. Presented at the Fourth Annual Infectious Diseases Seminar. Driscoll Children's Hospital, Corpus Christi, Texas, October 16, 1999.

66. *Salmonella* infections in children. Presented at the Research Conference for the Department of Pediatrics, Section of Infectious Diseases, Baylor College of Medicine, Houston, Texas, October 21, 1999.
67. Tick infections in children. "The Bob Smith, M.D. Lectureship" Presented at Grand Rounds for the Department of Pediatrics, Baylor College of Medicine, Houston, Texas, October 22, 1999.
68. Congenital infections. Presented at the 16th Annual Conference on Perinatal Care. University of Arkansas for Medical Sciences, North Little Rock, Arkansas, November 19, 1999.
69. Pneumococcal update. Presented at the 2000 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 10, 2000.
70. Persistent fever in children. Presented at the 2000 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 11, 2000.
71. Ehrlichiosis. Presented at the 18th Annual Pediatric Infectious Disease Seminar. Lloyd Noland Foundation. Hilton Head Island, South Carolina June 21, 2000.
72. Food Borne Illnesses (Overview). Presented at the 18th Annual Pediatric Infectious Disease Seminar. Lloyd Noland Foundation. Hilton Head Island, South Carolina June 21, 2000.
73. Zoonoses. Presented at the 18th Annual Pediatric Infectious Disease Seminar. Lloyd Noland Foundation. Hilton Head Island, South Carolina June 21, 2000.
74. Otitis media 2000 and beyond. Presented at Primary Care Pediatrics 2000 and Annual Meeting of the Arkansas Chapter of the American Academy of Pediatrics. Branson, Missouri September 10, 2000.
75. Clinical perspective of blood culture results. Presented at the Southwestern Association of Clinical Microbiology. Little Rock, Arkansas October 10, 2000.
76. Infectious Diseases Unknowns. Presented at the 2000 National Conference & Exhibition of the American Academy of Pediatrics. Chicago, Illinois, November 1, 2000.
77. Infectious Diseases Unknowns. Presented at the 2001 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Big Cedar Lodge, Branson, Missouri, February 23, 2001.
78. Infectious Diseases Unknowns. Presented at the 2001 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Big

Cedar Lodge, Branson, Missouri, February 24, 2001.

79. Evaluation of the acutely febrile child. Presented at the 16th Annual Symposium on Critical Care and Emergency Medicine, Sponsored by the University of Arkansas for Medical Sciences and University of Tennessee College of Medicine. Hot Springs, Arkansas, April 5, 2001.
80. Zoonoses. Presented at PREP:ID An intensive review course of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 11, 2001.
81. Foreign body infections. Presented at PREP:ID An intensive review course of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 11, 2001.
82. Foodborne infections. Presented at University of Tennessee School of Medicine, Department of Pediatrics Grand Rounds, LeBonheur Children's Hospital, Memphis, Tennessee, October 31, 2001.
83. Encephalitis. Presented at Primary Care Pediatrics 2001 and Annual Meeting of the Arkansas Chapter of the American Academy of Pediatrics. Branson, Missouri, November 11, 2001.
84. Congenital syphilis. Presented at the STD/HIV Intensive Training Course. Arkansas Department of Health. Little Rock, Arkansas, February 14, 2002.
85. Infectious diseases unknowns. Presented at the 2002 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Big Cedar Lodge, Branson, Missouri, March 1, 2002.
86. Meningococcal disease. Presented at the 2002 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Big Cedar Lodge, Branson, Missouri, March 2, 2002.
87. The basics about smallpox. Presented at the Arkansas Practitioners for Infection Control Annual Education Conference. Little Rock, Arkansas, September 13, 2002.
88. Changes in pediatric education. Presented at the University of Arkansas for Medical Sciences Department of Pediatric Grand Rounds, Arkansas Children's Hospital, Little Rock, Arkansas October 1, 2002.
89. Encephalitis revisited: West Nile virus and beyond. Presented at the 2003 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 14, 2003.
90. Infectious disease unknowns. Presented at the 2003 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot

Springs, Arkansas, March 14, 2003.

91. Smallpox. Presented at the 2003 Arkansas Society for Respiratory Care Central District Seminar, Little Rock, Arkansas, June 13, 2003.
92. Zoonoses and vectorborne infections. Presented at the 2003 PREP:ID A Comprehensive Review and Update of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 9, 2003.
93. Vaccine update-2003. Presented at Primary Care Pediatrics 2003 and Annual Meeting of the Arkansas Chapter of the American Academy of Pediatrics. Branson, Missouri, September 14, 2003.
94. Infectious diseases unknowns. Presented at the 2003 National Conference & Exhibition of the American Academy of Pediatrics. New Orleans, LA, November 4, 2003.
95. Tick-borne illness in children. Presented at the 2003 National Conference & Exhibition of the American Academy of Pediatrics. New Orleans, LA, November 4, 2003.
96. Infectious diseases in the immigrant population. Presented at the 2004 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Branson, Missouri, April 23, 2004.
97. Infectious disease unknowns. Presented at the 2004 National Conference & Exhibition of the American Academy of Pediatrics. San Francisco, CA, October 9 and October 10, 2004.
98. Lymphadenopathy/lymphadenitis. Presented at the 28th Annual Pediatric Postgraduate Conference. Texas Tech University Health Science Center, College of Medicine, Department of Pediatrics, Lubbock, TX, October 15, 2004.
99. Skin and soft tissue infections. Presented at the 28th Annual Pediatric Postgraduate Conference. Texas Tech University Health Science Center, College of Medicine, Department of Pediatrics, Lubbock, TX, October 15, 2004.
100. Lower respiratory tract infections in children. Presented at the Practical Pediatrics Continuing Education Course sponsored by the American Academy of Pediatrics. Whistler, British Columbia, Canada, January 13, 2005.
101. Skin and soft tissue infections in children. Presented at the Practical Pediatrics Continuing Education Course sponsored by the American Academy of Pediatrics. Whistler, British Columbia, Canada, January 14, 2005.
102. Lymphadenopathy/lymphadenitis in children. Presented at the Practical Pediatrics Continuing Education Course sponsored by the American Academy of Pediatrics. Whistler, British Columbia,

Canada, January 15, 2005.

103. Evaluation of children with recurrent infections. Presented at the Practical Pediatrics Continuing Education Course sponsored by the American Academy of Pediatrics. Whistler, British Columbia, Canada, January 14, 15, 16, 2005.
104. What is new in infectious diseases? Presented at the Advances in Pediatrics Continuing Medical Education Course sponsored by the University of Arkansas for Medical Sciences, Department of Pediatrics and Arkansas Children's Hospital in celebration of the 100th Anniversary of the Department of Pediatrics. Little Rock, Arkansas, March 19, 2005.
105. Lower respiratory tract infections in children. Presented at the 2005 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Branson, Missouri, April 29, 2005.
106. Infectious disease unknowns. Presented at the 2005 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Branson, Missouri, April 30, 2005.
107. Lower respiratory tract infections. Presented at the Forty-Second Teaching Conference entitled Pediatrics for the Practitioner. Department of Pediatrics, The University of Texas Health Science Center in Cooperation with the Christus Santa Rosa Children's Hospital and the San Antonio Military Pediatric Center. San Antonio, Texas June 10, 2005.
108. Evaluation of the child with recurrent infections. Presented at the Forty-Second Teaching Conference entitled Pediatrics for the Practitioner. Department of Pediatrics, The University of Texas Health Science Center in Cooperation with the Christus Santa Rosa Children's Hospital and the San Antonio Military Pediatric Center. San Antonio, Texas June 10, 2005.
109. Tick-borne infections. Presented at the Forty-Second Teaching Conference entitled Pediatrics for the Practitioner. Department of Pediatrics, The University of Texas Health Science Center in Cooperation with the Christus Santa Rosa Children's Hospital and the San Antonio Military Pediatric Center. San Antonio, Texas June 11, 2005.
110. Lymphadenopathy/Lymphadenitis. Presented at the Forty-Second Teaching Conference entitled Pediatrics for the Practitioner. Department of Pediatrics, The University of Texas Health Science Center in Cooperation with the Christus Santa Rosa Children's Hospital and the San Antonio Military Pediatric Center. San Antonio, Texas June 11, 2005.
111. Zoonoses. Presented at the 2005 PREP:ID A Comprehensive Review and Update of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 20, 2005.

112. Vector-borne infections. Presented at the 2005 PREP:ID A Comprehensive Review and Update of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 20, 2005.
113. Update on MRSA in pediatric patients. Presented at the Primary Care Pediatrics 2005 and the Annual Meeting of the Arkansas Chapter of the American Academy of Pediatrics. Branson, Missouri, September 11, 2005.
114. The threat of an influenza pandemic. Presented at the 34th Annual Meeting and Educational Program of the Arkansas Society for Respiratory Care. Hot Springs, Arkansas, September 22, 2005.
115. *Streptococcus pneumoniae* infections in children: Are we winning? Presented at the University of Arkansas Department of Pediatrics Grand Rounds, Arkansas Children's Hospital, Little Rock, Arkansas, October 4, 2005.
116. Pediatrics Review and Educational Program (PREP) Live. Presented at the Annual Meeting of the American Academy of Pediatrics. Washington, DC, October 9, 2005.
117. Update on influenza. Presented at the 9th Annual Drug Update Presentation. Department of Family and Preventative Medicine. Little Rock, Arkansas, October 15, 2005.
118. Tick associated diseases of the Southeastern United States. Presented at the 2006 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Hot Springs, Arkansas, March 10, 2006
119. Evaluation of the child with recurrent fevers. Presented at the 2006 Pediatric Infectious Disease Conference, University of South Carolina School of Medicine-Palmetto Health Richland Continuing Medical Education Organization and the University of South Carolina Beaufort. Hilton Head Island, South Carolina, June 12, 2006.
120. Zoonoses. Presented at the 2006 Pediatric Infectious Disease Conference, University of South Carolina School of Medicine-Palmetto Health Richland Continuing Medical Education Organization and the University of South Carolina Beaufort. Hilton Head Island, South Carolina, June 13, 2006.
121. Lower respiratory tract infections in children. Presented at the 2006 Pediatric Infectious Disease Conference, University of South Carolina School of Medicine-Palmetto Health Richland Continuing Medical Education Organization and the University of South Carolina Beaufort. Hilton Head Island, South Carolina, June 14, 2006.
122. Tick-borne infections in children. Presented at the 2006 Pediatric Infectious Disease Conference, University of South Carolina

School of Medicine-Palmetto Health Richland Continuing Medical Education Organization and the University of South Carolina Beaufort. Hilton Head Island, South Carolina, June 15, 2006.

123. Baylor International Pediatric AIDS Initiative: An Overview. Presented at the Collaborative Research Symposium, Rice University. Texas Medical Center, Houston, Texas, November 28, 2006.
124. Pediatric AIDS in Africa: The confident hope of a miracle. Presented at the 2007 Infectious Diseases Update. University of Arkansas for Medical Sciences, Department of Pediatrics, Division of Infectious Diseases, Big Cedar Lodge, Branson, Missouri, April 27, 2007.
125. Traveling with children. Presented at Pediatrics in the Red Rocks. 30th Annual Summer Pediatric Conference of the Arizona Chapter of the American Academy of Pediatrics. Sedona, Arizona, June 16, 2007.
126. Hot topics in Pediatric Vaccines. Presented at Pediatrics in the Red Rocks. 30th Annual Summer Pediatric Conference of the Arizona Chapter of the American Academy of Pediatrics. Sedona, Arizona, June 16, 2007.
127. Tick-related infections. Presented at the 2007 National Conference & Exhibition of the American Academy of Pediatrics. San Francisco, California, October 28, 2007.
128. Prolonged, periodic or otherwise annoying fevers. Presented at the 2007 National Conference & Exhibition of the American Academy of Pediatrics. San Francisco, California, October 29, 2007.
129. Pediatric AIDS in Africa: The confident hope of a miracle. Robert H. Fiser, Jr., Lecture at the University of Arkansas for Medical Sciences, Department of Pediatrics Grand Rounds, Arkansas Children's Hospital, Little Rock, Arkansas, November 6, 2007.
130. Richard F. Jacobs Investiture ceremony as the Robert H. Fiser, Jr. Chair in Pediatrics. Department of Pediatrics, University of Arkansas for Medical Sciences, College of Medicine, Arkansas Children's Hospital, Little Rock, Arkansas, May 19, 2008.
131. Provider Initiated Testing and Counseling and Decentralization of Pediatric HIV Care and Treatment in Africa. Sixth Annual Presidents Emergency Plan for AIDS Relief (PEPFAR). Track 1.0 ART Program Meeting, Washington, D.C. August 11, 2008.
132. Pediatric AIDS in Africa: The confident hope of a miracle. Kathy Newman Memorial Lecture. Tulane School of Medicine, Department of Pediatrics Grand Rounds. New Orleans, LA, December 11, 2008.
133. Pets, Patients, and You. Presented at the 61st Annual Pediatric Postgraduate Symposium. Baylor College of Medicine,

Department of Pediatrics, Houston, Texas, March 13, 2009.

134. Tick Borne Disease in Texas. Presented at Pediatric Grand Rounds. Baylor College of Medicine, Department of Pediatrics at Texas Children's Hospital, Houston, Texas, March 27, 2009.
135. Zoonoses. Presented at the 2009 PREP:ID A Comprehensive Review and Update of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 14, 2009.
136. Vector-borne infections. Presented at the 2009 PREP:ID A Comprehensive Review and Update of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 14, 2009.
137. Case vignette. Presented at the 2009 PREP:ID A Comprehensive Review and Update of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 14, 2009.
138. Severe acute malnutrition in children with HIV. United Nations International Children's Emergency Fund (UNICEF) and the World Health Organizations (WHO) Interagency Task Team on Prevention of Mother to Child Transmission of HIV and Paediatric HIV Care and Treatment Working Group. Arlington, Virginia, September 8, 2009.
139. Current and future pandemics. Ambassadors for Texas Children's Hospital. Presented at the Omni Hotel, Houston, Texas, March 30, 2010.
140. Treatment choices for Group A streptococcal infections: 2010. Presented at the 62nd Annual Pediatric Postgraduate Symposium. Baylor College of Medicine, Department of Pediatrics, Houston, Texas, April 23, 2010.
141. Panel Participant. A symposium: Improving the prevention and treatment of rabies and tetanus through utilization of the CDC guidelines and state wide resources. Presented by the Texas Department of State Health Services at the Marriott Hotel, Houston, Texas, April 23, 2010.
142. Pets, patients, and you. Presented at the Primary Care Pediatric Conference. Baylor College of Medicine, Department of Pediatrics. Hilton Head, South Carolina, June 7, 2010.
143. Prevention of infections from recreational water use. Presented at the Primary Care Pediatric Conference. Baylor College of Medicine, Department of Pediatrics. Hilton Head, South Carolina, June 8, 2010.
144. Treatment choices for Group A streptococcal infections: 2010. Presented at the Primary Care Pediatric Conference. Baylor College of Medicine, Department of Pediatrics. Hilton Head, South Carolina, June 10, 2010.

145. Updates on human papilloma virus and hepatitis A vaccines. Meet the Red Book, American Academy of Pediatrics National Conference and Exhibition, San Francisco, California, October 4, 2010.
146. Ticks: Rickettsial diseases. 23rd Annual Infectious Diseases in Children Symposium. New York City, New York. November 21, 2010.
147. Pediatric HIV in Africa: The confident hope of a miracle. Harris D. Riley, Jr. Lecture. The University of Oklahoma Health Science Center Department of Pediatrics Grand Rounds, December 16, 2010.
148. Infections from recreational water use. 63rd Annual Pediatric Postgraduate Symposium. Baylor College of Medicine, Department of Pediatrics, Houston, Texas, March 26, 2011.
149. Update on HIV Prevention. Presented at the 13th Network Meeting of the Baylor International Pediatric AIDS Initiative. Maseru, Lesotho. May 10, 2011.
150. *Clostridium difficile*: An Update. Presented at the Primary Care Pediatric Conference. Baylor College of Medicine, Department of Pediatrics. Lost Pines, Texas. June 22, 2011.
151. Zoonoses. Presented at the 2011 PREP:ID A Comprehensive Review and Update of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 27, 2011.
152. Vector-borne infections. Presented at the 2011 PREP:ID A Comprehensive Review and Update of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 22, 2011.
153. Case vignette. Presented at the 2011 PREP:ID A Comprehensive Review and Update of Pediatric Infectious Diseases. American Academy of Pediatrics. Chicago, Illinois, July 22, 2011.
154. Infectious Disease Cases. Presented at the 99th Texas Pediatric Society Meeting-Medical Student Section Program. Sugarland, Texas, September 24, 2011.
155. *Clostridium difficile* infections in infants and children. Presented at the 64th Annual Pediatric Postgraduate Symposium. Baylor College of Medicine, Department of Pediatrics, Houston, Texas, April 28, 2012.
156. Common Parasitic Diseases in Texas. Presented at the Primary Care Pediatric Conference. Baylor College of Medicine, Department of Pediatrics. Lost Pines, Texas. July 18, 2012.
157. Responding to a call to action: The Pediatric AIDS Corps, 2006-2011. University of North Carolina Department of Pediatrics, Floyd Denny Visiting Professor, Chapel Hill, North Carolina,

October 11, 2012.

158. Tick Born Diseases and Appropriate use of Doxycycline. American Academy of Pediatrics National Conference and Exhibition, Boston, Massachusetts, October 21, 2012.
159. Responding to a call to action: The Pediatric AIDS Corps, 2006-2011. University of Pittsburgh School of Medicine Pediatric Infectious Diseases Grand Rounds, Pittsburgh, Pennsylvania, November 8, 2012.
160. Once bitten, twice shy – preventing mosquito and tick bites. 25th Annual Infectious Diseases in Children Symposium. New York City, New York. November 18, 2012.
161. Top 10 infectious disease articles of 2012. 25th Annual Infectious Diseases in Children Symposium. New York City, New York. November 18, 2012.
162. Responding to a call to action: The Pediatric AIDS Corps, 2006-2011. Collaborating to ADVANCE Global Health, Houston Global Health Collaborative. Houston, Texas, March 23, 2013.
163. Responding to a call to action: The Pediatric AIDS Corps, 2006-2011. The Thirty-Ninth Annual John I. Perlstein Memorial Lectureship. Kosair Children's Hospital, Louisville, KY, September 13, 2013.
164. Responding to a call to action: The Pediatric AIDS Corps, 2006-2011. Presented at Pediatric Grand Rounds. Baylor College of Medicine, Department of Pediatrics at Texas Children's Hospital, Houston, Texas, February 14, 2014.
165. Overview of opportunistic and dermatologic manifestations of HIV infections. Presented at the pediatric HIV/AIDS training course. American Academy of Pediatrics and Pediatric Infectious Disease Society, PIDS-St. Jude Meeting, Memphis, TN, February 23, 2014.
166. Pediatric AIDS in Africa: A model for understanding global health. Presented at the pediatric HIV/AIDS training course. American Academy of Pediatrics and Pediatric Infectious Disease Society, PIDS-St. Jude Meeting, Memphis, TN, February 23, 2014.
167. Other tick borne illnesses. 27th Annual Infectious Diseases in Children Symposium. New York City, New York. November 22, 2014.
168. Overview of opportunistic and dermatologic manifestations of HIV infections. Presented at the paediatric HIV/AIDS training course. American Academy of Pediatrics and Pediatric Infectious Disease Society, PIDS-St. Jude Meeting Memphis, TN, February 17, 2015.
169. Pediatric AIDS in Africa: A model for understanding global health. Presented at the pediatric HIV/AIDS training course. American

Academy of Pediatrics and Pediatric Infectious Disease Society,
PIDS-St. Jude Meeting Memphis, TN, February 17, 2015.

170. Ebola: Building a biocontainment unit. Trinity University of San Antonio, September 15, 2015.
171. Panellist. High consequence infectious disease response: Ebola and other pathogens, a multidisciplinary workshop. Houston, Texas, February 2, 2016.

Grant Support

Dates	Role	Sponsor	Title	Amount
1991- 1993	Principal Investigator	Food Safety Consortium Funded by the United States Department of Agriculture (USDA) CSREES Special Grant	Epidemiology of Salmonella in Arkansas	\$100,000
1991-1993	Principal Site Investigator	Pfizer Pharmaceuticals	A Multicenter Comparison of 2:1 Ampicillin/Sulbactam (Unasyn®) versus Cefuroxime in the Treatment of Skin and/or Skin Structure Infections of Bacterial Etiology in Hospitalized Pediatric Patients	\$41,322
1992	Principal Site Investigator	University of Iowa	National Surveillance of Enterococcal Susceptibility Patterns and In Vitro Testing Methods	\$1,000
1992-1993	Principal Site Investigator	Syntex/Pediatric AIDS Foundation	AIDS Foundation Emergency Assistance Fund	\$3500
1993	Principal Site Investigator	ICI Pharmaceuticals Group	Multicenter Open Randomized Comparative Study of Merrem® (Meropenem, ICI 194,660) with Cefotaxime Alone or in Combination with Clindamycin or Tobramycin in the Treatment of Bacterial Infections in Hospitalized Infants and Children	\$5760
1993	Principal Site Investigator	American Cyanamid Company	A Non-Comparative, Multi-Center, Safety, Tolerance and Efficacy Study of Parenteral Piperacillin/Tazobactam in the Treatment of Hospitalized Pediatric Patients with Skin and Skin Structure Infections	\$9221

1993-1995	Principal Investigator	Food Safety Consortium Funded by the United States Department of Agriculture (USDA) CSREES Special Grant	Epidemiology of <i>Salmonella</i> Infections in Children Less Than Four Years of Age	\$120,000
1993-2006	Principal Site Investigator	Roche Laboratories	United States Pediatric Pneumococcal Multicenter Surveillance Study Group	\$62,500
1994	Principal Site Investigator	Glaxo Research Institute	A Randomized, Investigator-Blinded, Multicenter Comparison of the Efficacy and Safety of a 5- or 10-Day Course of Cefuroxime Axetil (Ceftin®) and a 10-Day Course of Amoxicillin/Clavulanate (Augmentin®) Suspensions in the Treatment of Pediatric Patients with Acute Otitis Media with Effusion	\$5084
1994	Principal Site Investigator	Daiichi Pharmaceutical Corporation	A Multicenter, Randomized, Evaluator-Blind Study to Compare the Safety and Efficacy of Ofloxacin Otic Solution with Cortisporin® Otic Solution in the Treatment of Acute Otitis External in Pediatric Patients	\$3,840
1995-1997	Principal Investigator	Food Safety Consortium Funded by the United States Department of Agriculture (USDA) CSREES Special Grant	Home Investigation of <i>Salmonella</i> Infections in Children Less Than Four Years of Age	\$103,500
1996-1997	Co-Principal Investigator	University of Arkansas for Medical Sciences	A study to determine the steady-state pharmacokinetics of itraconazole and hydroxyitraconazole in pediatric patients	\$8,000
1997-1998	Principal Investigator	Food Safety Consortium Funded by the United States	Molecular Subtype Surveillance for Human Salmonellosis in Arkansas	\$ 51,000

		Department of Agriculture (USDA) CSREES Special Grant		
1998-2000	Principal Investigator	Food Safety Consortium Funded by the United States Department of Agriculture (USDA) CSREES Special Grant	The Epidemiology of Human Disease in Arkansas due to <i>Campylobacter jejuni</i>	\$77,900
2001- 2006	Principal Site Investigator	Aventis Pharmaceuticals	United States Pediatric Meningococcal Multicenter Surveillance Study Group	\$7500
2002-2003	Principal Site Investigator	Aventis Pharmaceuticals	Multicenter Prospective Surveillance for Macrolide Resistance in Pharyngeal Isolates for Group A Streptococci in the United States	\$2000
2003	Principal Site Investigator	Merck Pharmaceuticals	Intensive Care Unit Surveillance Study/Incidence of Multiresistance in Serial Gram-Negative Isolates-2003	\$2500
2003-2004	Principal Site Investigator	Aventis Pharmaceuticals	Multicenter Prospective Surveillance for Macrolide Resistance in Pharyngeal Isolates for Group A Streptococci in the United States	\$2000
2004	Principal Site Investigator	Merck Pharmaceuticals	Intensive Care Unit Surveillance Study/Incidence of Multiresistance in Serial Gram-Negative Isolates-2004	\$2500
2004-2005	Principal Site Investigator	Children's Hospital of Pittsburgh	Multicenter Prospective Surveillance for Macrolide Resistance in Pharyngeal Isolates for Group A Streptococci in the United States	\$2000
2005	Principal Site Investigator	Merck Pharmaceuticals	Intensive Care Unit Surveillance Study/Incidence of Multiresistance in Serial	\$3500

			Gram-Negative Isolates-2005	
2005-2006	Principal Site Investigator	Focus Bio-Inova, Inc.	Tygacil (Tigecycline) Local Surveillance Initiative	\$4000
2005-2006	Principal Site Investigator	JMI Laboratories	Pre-launch Susceptibility Testing for Dalbavancin	\$2000
2006	Principal Site Investigator	JMI Laboratories	Multi-Center Investigation of Automated Susceptibility testing Systems Comparing Results of Six Broad-Spectrum beta-lactams Tested against <i>Pseudomonas aeruginosa</i>	\$2640
Total				\$643,367
