Professional Experiences

Families USA: Washington, DC

Title: Executive Director

Date: February 2017 - *present*

Description: Responsible for setting vision, overseeing all operations, and fundraising. Families USA works on the national, state, and local levels to ensure the best health and health care are equally accessible and affordable to all. The organization conducts extensive policy analysis; national, state, and community partnership and coalition building; Congressional, national, and state advocacy; and national and state media outreach. Organizational focus areas include: health care value, health equity, health insurance coverage, and consumer engagement. Duties include: strategic planning, financial planning, fundraising, recruiting and managing all leadership staff, acting as national spokesperson and expert, corporate officer, and principal liaison to Board of Directors.

The National Governors Association: Washington, DC

Title: Health Division Director, NGA Center for Best Practices

Date: July 2013 – January 2017

Description: Responsible for setting vision for and overseeing operations of \$6 million health division, which serves as an independent, nonpartisan think-tank / consultancy for governors and states. Duties include leading all: research, fundraising, policy analysis, in-state technical assistance, project development, website development, and publication development as well as managing federal, foundation, and corporate funding. Serves as a national voice for the NGA health efforts, speaking at myriad conferences, national meetings, congressional briefings, etc. Content areas include: healthcare delivery and payment reform, Medicaid design and operations, health information technology and analytics, behavioral health and the social determinants of health, healthcare workforce, public health, insurance market reform, and health insurance exchange planning and oversight. Work also includes direct negotiations with federal agencies. Responsible for hiring and managing division staff.

The Advisory Board Company: Washington, DC

Title: Vice President Health Policy

Date: December 2011 – July 2013

Description: Founded the Health Policy Department at the Advisory Board Company, a leading strategic advisor to 3100 hospitals, health systems, provider groups, and payers throughout the nation and internationally. Served as principal policy expert regarding the Affordable Care Act, healthcare transformation, new health insurance exchanges, healthcare workforce, and health policy developments in Congress and the Administration. Responsibilities also included creating national policy briefings and webinars for Congress and the Administration focused on public and private sector healthcare transformation activities such as risk-based payments, accountable care organizations, value-based purchasing, bundled payments, health information technology, physician integration, and patient engagement as well as trends in healthcare economics. Worked directly with state leaders on the CMMI State Innovation Models (SIM) design grant. Assisted in the development of national research materials and served as featured panelist in national meetings and webinars. Day-to-day activities also included hiring and managing department staff as well as collaborating with Advisory Board executive leadership.

Professional Experiences

United States Senate: Washington, D.C.

Title: Senior Legislative Counsel for Healthcare, Senator Jeff Bingaman

Date: January 2007 – December 2011

Description: Responsible for Senator Bingaman's healthcare portfolio on both the Finance Committee and Health, Education, Labor, and Pensions (HELP) Committee. Primary negotiator for the senator during national health reform activities / enactment of the Affordable Care Act including the senator's lead responsibilities in coverage reform negotiations on the HELP Committee and a member of bipartisan "Gang of Six" in the Senate Finance Committee. Activities included direct negotiation on a member-level and with bipartisan staff, the White House / Administration, Senate leadership and the Congressional Budget Office. Activities focused on development of new health insurance exchanges, insurance market reforms, affordability provisions, Medicaid expansion, workforce reforms, and Medicare payment reforms including: bundled payments, shared savings, hospital acquired infection reporting, and outcome measure acceleration. In addition, led negotiations for the senator vis-à-vis other major health legislation including the Children's Health Insurance Program Reauthorization Act of 2009 and the various Medicare bills. Also responsible for Senator Bingaman's long-term efforts around low-income and disparity issues. Day-to-day activities included acting as principal staffer to the senator during all committee mark-ups, hearings, floor debates and member meetings as well as managing healthcare fellows, legislative correspondents, and other staff.
