**Committee on Energy and Commerce  
U.S. House of Representatives  
Witness Disclosure Requirement—"Truth in Testimony"  
Required by House Rule XI, Clause 2(g)(5)**

**ADDENDUM FOR DANIELLE L. KEHL,  
regarding  
Hearing on "Stakeholder Perspectives on the IANA Transition"**

I have not received any grants or contracts from the federal government or any foreign governments, but the organization that I represent, New America's Open Technology Institute, has received the following grants and contracts since January 1, 2013. None of these grants or contracts are directly related to the subject matter of this hearing, but since they fund work related to Internet policy and Internet governance more broadly, I am including them in an excess of caution.

**Federal grants and contracts:**

New America's Open Technology Institute has received the following Federal grants since January 1, 2013:

Department of State  
Awarded: 8/23/2011  
Ending: 3/31/2015  
Amount: \$3,631,696

New America Foundation will launch and promote the Open Internet Tools Project, an initiative supporting the development of open source circumvention technologies; financially incubate open source software projects that build open internet technologies and circumvention tools; create a more enabling environment for participation in open source circumvention projects through ancillary development, such as road maps, documentation, installers, bug fixes, etc; and convene focused code sprints, outreach events and larger meetings of interested developers.

Department of State  
Awarded: 9/1/2011  
Ending: 1/31/2014  
Amount: \$2,803,255

OTI will develop a plug-and-play mesh networking solution, Commotion, that builds upon existing open source software to the extent possible, and will generate a body of documentation that provides guidance to a wide range of possible audiences on the proper deployment and functioning of the platform.

Radio Free Asia  
Awarded: 9/30/2013  
Ending: 5/31/2014

Amount: \$60,000

Managing and supporting the Open Technology Fund's Transifex hub to further grow and enhance the localization community for Internet Freedom tools on the services available on the new OTF Transifex hub.

Radio Free Asia

Awarded: 9/30/2013

Ending: 6/30/2015

Amount: \$126,800

Providing major improvements to the quality and quantity of Measurement Lab data, allowing any user with the Measurement Lab browser extension access to better insights about the flow of internet traffic, network interventions, and network performance around the world.

Department of State

Awarded: 6/19/2014

Ending: 12/31/2015

Amount: \$900,000

OTI will deploy Commotion networks and train partners in order to expand digital freedom of expression and to align the Commotion project's technology development with the needs of those deployments -- supporting local innovation and encouraging sustainable regional adoption.

**Contracts or payments originating with foreign governments:**

Hivos People Unlimited (sub-grant from the Government of the Netherlands)

Awarded: 10/1/2013

Ending: 6/1/2014
