BILL: H.R. 4884, “Controlling the Unchecked and Reckless Ballooning of the Lifeline Act of 2016”

AMENDMENT: An amendment offered by Ms. Matsui, No. 1, to require the FCC to consult with the Federal-State Joint Board on Universal Service on ways to encourage States to develop programs that work in conjunction with Lifeline program, to evaluate and report to Congress on the performance of Lifeline, and to conclude a proceeding relating to Lifeline, which ensures the program is technology neutral and considers a digital literacy program, the amount of assistance to be provided to consumers, and measures to prevent waste, fraud, or abuse. The amendment also clarifies that nothing in the Act limits authority of the FCC to promulgate regulations to promote the adoption of broadband Internet access service by low-income households.
