# John C. May

## President, Agricultural Solutions and Chief Information Officer Deere & Company

John C. May is President, Agricultural Solutions and Chief Information Officer, a position he has held since September 2012. May is responsible for product platform groups consisting of hay & forage products and crop care products. He has enterprise-wide responsibility for Information Technology and Intelligent Solutions Group.

May started his career with John Deere in 1997 at John Deere Health Care where he was responsible for strategic planning and business development. He subsequently assumed a number of executive leadership positions within the former Commercial & Consumer Equipment Division, eventually holding the position of Director, Vehicles Marketing. He served as Managing Director of Deere's China operations during a period of significant growth in the company's China business. Next, May was Factory Manager, John Deere Dubuque Works. In November 2009, he was named Vice President, Global Platform – Turf & Utility, Agriculture & Turf Division. Prior to joining John Deere, he was a Management Consultant at KPMG Peat Marwick.

May has a Bachelor's of Science degree from the University of New Hampshire. He holds an MBA from the University of Maine.

Deere & Company (NYSE: DE) is a world leader in providing advanced products and services and is committed to the success of customers whose work is linked to the land—those who **cultivate, harvest, transform, enrich, and build upon the land to meet the world's dramatically** increasing need for food, fuel, shelter, and infrastructure. Since 1837, John Deere has delivered innovative products of superior quality built on a tradition of integrity.
