Biography – May 2013

Lucian Pugliaresi

Lucian (Lou) Pugliaresi is President of the Energy Policy Research Foundation (EPRINC). EPRINC was founded in 1944 and is a not-for-profit organization that studies energy economics and policy issues with special emphasis on oil, natural gas, and petroleum product markets. EPRINC publications on developments in U.S. and international petroleum markets are made available at the foundation's website, www.eprinc.org.

Mr. Pugliaresi has served in a wide range of government posts, including the National Security Council at the White House (Reagan Administration), Departments of State, Energy, and Interior, as well as the EPA. He has written extensively on energy and has testified before various committees of the U.S. Congress.

Among his publications are "EIS's. Vs. the Real World", *The Public Interest*, 1978, "Policy Analysis at the Department of State," *Journal and Policy Analysis and Management*, 1989 ; "Energy Security: How Valuable is Caspian Oil", **Policy Brief 3**, Belfer Center for Science and International Affairs, JFK School, Harvard, Cambridge; "Silent Disruption Limiting Oil Supply," *Oil and Gas Journal* July 2010 (with Ben Montalbano); "The American Clean Energy and Security Act," An EPRINC Assessment of Capacity and Employment Losses in the Domestic Refining Industry, *Oil and Gas Journal*, November 23, 2009; "Offshore Drilling, An Argument in its Defense, *Oil (Italy)*, September 2010. North Dakota's Shale Oil (*JOGMEC Petroleum Journal* (in Japanese; <特別寄稿> 米国ノースダコタ);

Mr. Pugliaresi is a frequent contributor to the *Wall Street Journal*. Among some of his recent publications are "Future Oil Supplies Can Lower Prices Today," *Wall Street Journal*, June 2, 2011; "Lessons of the Shale Gas Revolution," *Wall Street Journal*, September 30, 2011; "The Keystone Debacle," *Wall Street Journal*, November 16, 2011; "North America's Strategic Loss: Keystone XL Pipeline and the High Cost of the American Regulatory Regime," *Geopolitics of Energy*, Canadian Energy Research Institute, Dec – Nov 2011. "Keystone Can Help the Gulf—and the Northeast," *Wall Street Journal*, January 31, 2012. "Time to Rethink Renewable Fuel Rules," *CNBC online*, April 18, 2013.
