

# Curriculum Vitae and Bibliography

## Nusheen Ameenuddin, MD, MPH

### Personal Information

Work Address: Mayo Clinic Rochester  
200 First St SW  
Rochester, MN 55905-0001  
507-284-2511

Email Address: Ameenuddin.Nusheen@mayo.edu

### Present Academic Rank and Position

**Consultant** - Division of Community Pediatric and Adolescent Medicine, Department of Pediatric and Adolescent Medicine, Mayo Clinic, Rochester, Minnesota 12/2010 - Present

**Assistant Professor of Pediatrics** - Mayo Clinic College of Medicine and Science 11/2012 - Present

**Chair** - American Academy of Pediatrics Council on Communications and Media, Chicago, Illinois 07/2019 - Present

National leadership position with the American Academy of Pediatrics. As chair, I am charged with the responsibility to lead our Council and its Executive Board, which examines the effective media on children and also trains pediatricians to provide education to the public using a variety of media.. I also serve as a voting delegate at the AAP Annual Leadership Forum.

**Co-leader, Diversity, Equity and Inclusion** - Department of Pediatric and Adolescent Medicine, Mayo Clinic, Rochester, Minnesota 08/2020 - Present

I serve as a Co-Physician leader for the committee on Diversity, Equity and Inclusion for the Department of Pediatric and Adolescent Medicine. I created the first ever and continue to organize and moderate our ongoing DPAM DEI film and book club. I also had a role in helping to create a video highlighting our department's commitment to diversity. I attend our meetings and share in leading the committee.

**CPAM Leadership Team** - Division of Community Pediatric and Adolescent Medicine, Department of Pediatric and Adolescent Medicine, Mayo Clinic, Rochester, Minnesota 08/2020 - Present

I was selected to serve on the CPAM leadership team as the diversity and inclusion representative due to my role as Division Diversity Champion and Department Diversity Co-Leader.

**Chair** - Diversity and Inclusion, Rochester, Minnesota 02/2021 - Present

### Education

Kansas State University - BS, Biology with minor in Spanish, cum laude 1994 - 1997

University of Kansas Medical Center - MPH 1997 - 1998

University of Kansas Medical Center - MD 1998 - 2002

Pediatric & Adolescent Medicine Residency Program, Programs in Rochester, Mayo School of Graduate Medical Education, Mayo Clinic College of Medicine - Resident 2002 - 2005

Harvard Kennedy School, Cambridge, Massachusetts - MPA 07/2018 - 06/2019

Harvard Medical School, Boston, Massachusetts - Fellowship, Minority Health Policy 07/2018 - 06/2019

## **Certification**

### **Board Certifications**

#### **American Academy of Pediatrics**

Neonatal Resuscitation Program (NRP) 2002 - 2011

#### **American Board of Pediatrics**

Diplomate 2005 - Present

#### **American Heart Association (AHA)**

Pediatric Advanced Life Support (PALS) 2002 - 2009

#### **Mayo Clinic Quality Academy**

Mayo Clinic Quality Fellow: Bronze Level Certification 2011

### **Licensure**

Minnesota (Medical) 2003 - Present

Pediatrics Reviewer	2017 - Present

## Education Interests and Accomplishments

### Curriculum and Course Development

North Country Regional Hospital Continuing Education for Nursing Staff Developed pediatric training scenarios for nursing staff education North Country Regional Hospital Bemidji, Minnesota	2007
Advanced Doctoring - Pediatrics Assisted in the presentation of the newly integrated respiratory block curriculum (internal medicine and pediatrics) for second year medical students, while utilizing unique forms of media to teach concepts and show physical findings. Mayo Medical School Rochester, Minnesota	2009 - Present

<p>Assistant Director and Curriculum Director, Pediatric Residency Continuity Clinic          Primary responsibility revolves around developing and implementing the didactic portion of the curriculum for ambulatory pediatrics for Mayo's pediatric resident continuity clinic.          Mayo School of Graduate Medical Education          Rochester, Minnesota</p>	09/2010 - 08/2012
<p>Director, Fourth Year Medical Student Education in Pediatrics          Administrative and curriculum development duties for all fourth year pediatric clerkships for Mayo and visiting medical students.          Mayo Medical School          Rochester, Minnesota</p>	11/2010 - 04/2012
<p>Family Feedback-ALWAYS! Pediatric Resident Continuity Clinic Pilot Curriculum          Our continuity clinic program was selected as an intervention site to pilot part of a national patient and family centered medical home curriculum that focuses on eliciting family feedback. The curriculum was developed under the leadership of the Resident Education Initiative Work Group by The National Center for Medical Home Implementation, a cooperative agreement between the American Academy of Pediatrics and the Maternal and Child Health Bureau. As the site-based primary investigator, I have adapted the original curriculum for use in our continuity clinic's didactic session, organized CCL faculty preparation and delivery of curriculum materials and coordinated study aspects of this program with the national PI and work group.</p>	06/2012 - 09/2012
<p>Director, Mayo Pediatric Residency Continuity Clinic          My role as curriculum director of the continuity clinic carried over when I became the director of continuity clinic and continued to create and develop a curriculum based on a framework of basic concepts created by my predecessor. However, I expanded upon the previous framework by creating individual weekly educational modules from scratch that included specific objectives for each week, educational materials and were presented in a didactic discussion format by a core group of continuity clinic supervisors who rotated through this role on a daily basis, but used the same set of materials I compiled and updated for nearly a decade.          Mayo Clinic-Rochester pediatric Residency Program          Rochester, Minnesota</p>	09/2012 - 08/2020
<p>A New Wired World: Media Effects on the Pediatric Population          This course is a comprehensive interactive online CME course (also approved for MOC Part 2 credit in 2016) that examines media effects and how physicians can proactively address media use in the clinic and on a broader level in society. I served as primary author of the section on media use screening strategies and anticipatory guidance. I was also the lead author/editor of the four remaining sections that cover the media's role in children's lives, infant development, social media safety for adolescents, and how pediatricians can utilize prosocial media for health communication. The course proposal was approved in April 2012 by the American Academy of Pediatrics and was launched in 2014. It is available through Pedialink. We have updated it in 2016 and 2017, both of which I have served as editor.          AAP Pedialink course (online)          United States of America</p>	2013 - Present
<p>Physicians Accelerating Clinical and Educational Redesign (PACER) program          National three-year grant site to improve primary care inter-professional education.          Mayo Clinic School of Graduate Medical Education          Rochester, MN, United States of America</p>	04/2016 - Present

Program Chair, Council on Communications and Media of the American Academy of Pediatrics 10/2016 - 07/2019

I was in charge of creating the CME program for AAP-COCM which involved creating half a day of programming presented at our annual national conference every fall in addition to working with other members to create and submit proposals for general sessions. During my tenure as program chair, I had multiple successful submissions accepted including plenary sessions. In addition, I had leadership roles on two separate accepted submissions to create the full program for Peds 21, the annual AAP pre-conference. I served as Chair of the 2016 Peds 21 program committee on media and children and as abstract co-chair and program committee member of the 2020 Peds 21 program committee on health equity.

American Academy of Pediatrics National Conference and Exhibition  
Chicago, Illinois

Harnessing the Power of Traditional and Social Media (CME course sponsored by the American Academy of Pediatrics) 01/2018 - 04/2019

I successfully submitted a proposal, assembled a program committee and served as the first Chair to create the first AAP CME live course on media training for pediatricians. This was delayed and converted to a virtual course due to COVID-19. I stepped down as Chair of this course when I took over as Chair of the AAP COCM and passed this role on to the new COCM program chair. The course was held virtually on Feb 20-21, 2021.

Chicago, Illinois

Pediatric resident advocacy curriculum contributor

01/2018 - Present

My presentation on using social media for child health advocacy was included in the curriculum for pediatric residents at the University of Wisconsin-Madison in January 2018 by the course director Dr. Laura Houser and Academic Vice Chair of Digital Health Dr. Megan Moreno. Background on the advocacy curriculum can be found here: <https://www.pediatrics.wisc.edu/education/residency-program/how-we-learn/advocacy> and my lecture can be accessed here:

<http://videos.med.wisc.edu/videos/79373>

UW_Madison Madison, Wisconsin	12/12/2017 - 12/15/2017

**Clinical Practice, Interests, and Accomplishments**

Fall 2018: Served as a Harvard fellowship practicum intern for Health Law Advocates, a Boston-based law firm, one of only 4 medicolegal partnerships in the US. My project involved researching the effect of proposed public charge rule expansion on low income immigrants of color by the Department of Homeland Security. My findings were included in an official brief to DHS from HLA. Supervisor: Justin Lowe.

Social media and media effects on children, medical informatics (telephone triage tools), public health and vaccine education, immigrant and refugee health and advocacy.

## Research Interests and Accomplishments

Bench research at the USDA Agricultural Research Service (Manhattan, KS) on rice weevils and amylase inhibitors during Summer 1993.

January- June 1998: Practicum intern at Project EAGLE, a comprehensive child and family investment program as part of a US government grant. I studied social, academic and health outcomes for children in the intervention group and comparison group and presented my findings as my MPH capstone project to fulfill degree requirements.

Kansas State University Cancer Research Center- undergraduate research on breast cancer from 1996-1997

Research on child abuse and public health outreach by the Visiting Nurses Association in Kansas City around the early 1900's using the Clendening History of Medicine archives at the University of Kansas Medical Center during Summer 1999.

## Research Grants Awarded

### Completed Grants

#### Foundation

Program Director / Principal Investigator	Dialogue, Diseases and Debunking: Immunization Outreach to Minnesota's Somali Community. Funded by American Academy of Pediatrics	03/2018 - 03/2019
