

# KATHERINE B. KUEHN

---

A high-performance Executive with 25 years of leading innovative international technology teams. A known change agent who has a legacy of creating practices built around complex requirements, that often bridge the gap between internal objectives and external go-to-market performance. A thought leader in cybersecurity and emerging technologies, who is featured regularly in the press and at global events. Lastly, a builder of world-class technology management teams, that are consistently recognized for driving growth, revenue, and market share.

## DEMONSTRATED ACHIEVEMENT

- Member of the Board of Directors & CISO in Residence for NTSC (National Technology Security Council)
