

**Kathleen M. Roberts**

B&C<sup>®</sup> Consortia Management, L.L.C.

2200 Pennsylvania Avenue, N.W.

Washington, D.C. 20037

Telephone: [REDACTED]  
[REDACTED]

**EDUCATION:**

1986 -- B.S., Biology, University of North Carolina at Chapel Hill, Chapel Hill, NC

**EMPLOYMENT:**

February 2009 to present: Bergeson & Campbell, P.C.

Serve as Vice-President for B&C Consortia Management, L.L.C., affiliate group of Bergeson & Campbell, P.C., providing cost effective administrative and management services to consortia to ensure their interests are protected and their voices heard on issues of concern. Lead industry groups in developing or expanding advocacy and/or product stewardship programs, to develop and conduct communications outreach to local, state, federal, or international government entities, to formulate and initiate research programs -- whether voluntary or in response to regulatory requirements, and many other activities.

September 2000 to February 2009: American Chemistry Council, Regulatory & Technical Affairs

Directed strategic effort on improving the current chemical management system, including creation of legislative proposals, key communication pieces, and educational materials; led Council's product stewardship programs, including development of guidance materials and performance measures; provided managerial support to numerous action groups engaged in regulatory activities.

April 1991 to September 2000: American Chemistry Council CHEMSTAR Team

Managed multiple chemical-specific groups, with individualized membership, budgets, and strategy plans, which included advocacy, research, communication/education, and/or litigation activities.

May 1989 to April 1991: Jellinek, Schwartz, Connolly & Freshman

Monitored \$6.5 million research testing package on several chemicals in support of state and federal pesticide registration requirements.

June 1988 to May 1989: Hazleton Laboratories

Conducted inhalation and genetic toxicology testing in accordance with specified research protocols.
