## **PROFESSIONAL EXPERIENCE**

**CLEAN WATER ACTION/CLEAN WATER FUND; 1444 Eye Street, NW;  
Suite 400; Washington DC 20005, February 1999 – present**

**National Campaigns Director, Clean Water Action February 1999 – present:**

Responsible for all aspects of the organization's national issue campaigns as well as other responsibilities as part of Executive Management Team. Clean Water Action is a 40-year old 1-million member organization which works in 15 states and on the federal level on health and environmental issues. The organization's programs cover water issues, global warming and clean energy issues and chemical policy.

Program Development: Responsible for development, planning and implementation of policies and programmatic activities across a wide range of issue areas.

Policy Expertise: Recognized expert on Safe Drinking Water Act implementation and drinking water issues. Has served on numerous Federal Advisory Committees and other formal bodies engaged in advising the U.S. Environmental Protection Agency (EPA) on drinking water issues, negotiating SDWA rules and other activities. (See below.) Works in collaboration with other NGO's, drinking water trade associations and drinking water sector research organizations.

Fundraising: Responsible for national programs fundraising to support Clean Water Action's sister 501c3 organization Clean Water Fund. Involved in planning and implementation of other aspects of fundraising including membership development, direct mail, major donor cultivation and field and phone canvass programs.

Communications: Strong written communication skills including policy analysis, mobilization materials, advocacy publications, earned and online media materials and organizational newsletters and fundraising outreach documents. Accomplished meeting facilitator and public speaker for a variety of audiences.

DRINKING WATER – Selected SDWA Implementation Activities

National Drinking Water Advisory Council (NDWAC) – 2003 – 2008 – The NDWAC is a broadly representative stakeholder body which advises the EPA Administrator on drinking water policy issues.

NDWAC Work Groups: Contaminant Candidate List (CCL) Classification Process 2002-2004; Lead and Copper Rule Public Education Requirements, 2005-2006

Stage 2 Microbial/Disinfection By-Products Federal Advisory Committee, 1999-2000

Total Coliform Rule Revisions/Distribution Systems – Federal Advisory Committee, 2007-2008

EPA Arsenic Small System Work Group, 2012

**GREENPEACE; 1436 U Street NW; Washington DC 20009, March 1989 – October 1998.**

**Acting National Campaigns Director and National Campaigns Manager; June 1995 – October 1998:** Responsible for development and oversight of Greenpeace program work in the United States. Supervised 35 staff with budgetary responsibility of over \$3 million. Represented Greenpeace US in Greenpeace International fora to develop global strategic direction for Climate, Oceans, Forests and Toxics issues.

**Toxics Campaign,** March 1989 - May 1995: Held several positions including National Toxics Campaign Director, Program Director and Grassroots Lobbying Coordinator. Responsible for developing strategies and tactics for US Toxics Campaign. Hired and supervised 15 staff, oversaw the annual campaign planning process, prepared and monitored campaign budget and spending, and coordinated with counterparts in Greenpeace International and other Greenpeace countries.
