Hello:

Until I get formal written direction, I am asking that any correspondence being sent to any Senator as well as Representative Grijalva NOT be sent until you have further direction. This includes letters sent by Senators to states, regions, etc.

Preston Heard is our new Deputy Director for Correspondence and FOIA Management (the "new" Rob Howarth). He is working on it and will have info for me to disseminate soon.

Please feel free to call me with any questions,
