

Amendment to Authorization and Oversight Plan
Offered by Rep. Hoyle

On page 8, at the end of the “Magnuson-Stevens Fishery Conservation and Management Act” paragraph, insert:

“In addition, the Committee will investigate how the Administration’s proposed cuts to the NOAA workforce and the NOAA budget will reduce the frequency of fishery stock assessments, the support for science underlying fishery management in federal waters, the funding and technical assistance provided to regional fishery management councils, and recreational and commercial fishing access to U.S. federal waters.”
