

Amendment to the Westerman ANS to H.R. 276

Offered by Rep. Rivas

At the end, insert “**Sec. 3. Economic Assessment.** This act shall not take effect until the Secretary of the Interior, through the Department of the Interior Office of Policy Analysis, provides the House Committee on Natural Resources and the Senate Committee on Energy and Natural Resources with an economic policy assessment to determine whether this Act would improve the American economy, including whether this Act would:

- a. Lower food prices, including bringing the price of eggs being below \$4.00 per dozen
- b. Lead to growth of the United States’s Gross Domestic Product of at least 2%-3% annually
- c. Create jobs, including adding at least 250,000 new jobs per month
- d. Lower the unemployment rate to under 3%
