

## **Julie Padilla Bio**

Julie Padilla serves as the Chief Regulatory Officer for Twin Metals Minnesota. In her role, she oversees all legal, regulatory, public and government relations activities for the company. As an attorney with over twenty years of experience, Padilla has held leadership positions in government, private industry, law firms and non-profits.

Her previous roles include serving as a Vice President for a national renewable energy and energy efficiency company; working to advance renewable energy and energy efficiency solutions at the residential, commercial and community scale; as a partner at a Minneapolis-based law firm; and in government at the local, state and federal levels.
