

ELAINE TANNER

LETCHER COUNTY KENTUCKY

Until 2019 I was a lifetime resident living in Northeast Ohio. In the fall of 2019, I retired to the mountains of Appalachia in Kentucky. During the summer months I would spend time with family both in the coal fields of West Virginia and time in the Daniel Boone National Forest with my father's side of the family. My Appalachian roots run deep when it comes to knowing what our mountains should look like and have spent many years trying to figure out a way to make this happen.
