

# Truth in Testimony Disclosure Form

In accordance with Rule XI, clause 2(g)(5)\* of the *Rules of the House of Representatives*, witnesses are asked to disclose the following information. Please complete this form electronically by filling in the provided blanks.

Committee: Natural Resources

Subcommittee: Federal Lands

Hearing Date: 01/21/2026

Hearing Title :

Oversight Hearing on: "EXPLORE America250: Celebrating One Year of the Expanding Public Lands Outdoor Recreation Experiences Act"

Witness Name: David Duncan

Position/Title: President

Witness Type:  Governmental  Non-governmental

Are you representing yourself or an organization?  Self  Organization

If you are representing an organization, please list what entity or entities you are representing:

American Battlefield Trust

## **FOR WITNESSES APPEARING IN A NON-GOVERNMENTAL CAPACITY**

Please complete the following fields. If necessary, attach additional sheet(s) to provide more information.

Are you a fiduciary—including, but not limited to, a director, officer, advisor, or resident agent—of any organization or entity that has an interest in the subject matter of the hearing? If so, please list the name of the organization(s) or entities.

President of the American Battlefield Trust and member of the Board of Trustees

**Please list any federal grants or contracts (including subgrants or subcontracts) related to the hearing's subject matter that you or the organization(s) you represent have received in the past thirty-six months from the date of the hearing. Include the source and amount of each grant or contract.**

Please see attached.

The organization I am representing, the American Battlefield Trust, is active in applying for federal grant money for land acquisition through the American Battlefield Protection Program (either fee-simple acquisition or acquisition of easements). This money does not go directly to the Trust - the federal grant program we use has required a state or local governmental entity to be the recipient of the grant. That government entity then partners with the American Battlefield Trust by sub-granting funds for the Trust due diligence and acquisition of the battlefield land. The final recipient of the grant is the seller of the land, not the state or local government or the Trust.

With changes passed by Congress and enacted in 2025, that funding can now be applied for by the American Battlefield Trust for payment to sellers of land (the seller of the land is the ultimate recipient of the funds with the applicant for these grants serving as a pass through to land sellers).

The National Park Service (NPS) compensates the Trust when the NPS acquires battlefield park inholdings owned by the Trust. Other grants through the American Battlefield Protection Program for interpretation and restoration efforts are received by the Trust and used for the purposes specified by Congress and the program. That grant program is the American Battlefield Protection Program's land acquisition grants program financed through the Land and Water Conservation Fund. I can provide additional history and details of the grants that have been awarded or obligated as a result of the efforts of the American Battlefield Trust if the committee wishes.

**Please list any contracts, grants, or payments originating with a foreign government and related to the hearing's subject that you or the organization(s) you represent have received in the past thirty-six months from the date of the hearing. Include the amount and country of origin of each contract or payment.**

N/A

**Please complete the following fields. If necessary, attach additional sheet(s) to provide more information.**

- I have attached a written statement of proposed testimony.
- I have attached my curriculum vitae or biography.

\* Rule XI, clause 2(g)(5), of the U.S. House of Representatives provides:

(5)(A) Each committee shall, to the greatest extent practicable, require witnesses who appear before it to submit in advance written statements of proposed testimony and to limit their initial presentations to the committee to brief summaries thereof.

(B) In the case of a witness appearing in a non-governmental capacity, a written statement of proposed testimony shall include— (i) a curriculum vitae; (ii) a disclosure of any Federal grants or contracts, or contracts, grants, or payments originating with a foreign government, received during the past 36 months by the witness or by an entity represented by the witness and related to the subject matter of the hearing; and (iii) a disclosure of whether the witness is a fiduciary (including, but not limited to, a director, officer, advisor, or resident agent) of any organization or entity that has an interest in the subject matter of the hearing.

(C) The disclosure referred to in subdivision (B)(ii) shall include— (i) the amount and source of each Federal grant (or subgrant thereof) or contract (or subcontract thereof) related to the subject matter of the hearing; and (ii) the amount and country of origin of any payment or contract related to the subject matter of the hearing originating with a foreign government.

(D) Such statements, with appropriate redactions to protect the privacy or security of the witness, shall be made publicly available in electronic form 24 hours before the witness appears to the extent practicable, but not later than one day after the witness appears.

**False Statements Certification**

Knowingly providing material false information to this committee/subcommittee, or knowingly concealing material information from this committee/subcommittee, is a crime (18 U.S.C. § 1001). This form will be made part of the hearing record.

David N. Jensen
