

BIOGRAPHY – ROBERT (BOBBY) MACAULAY

I was born and raised in Madera County and have seen firsthand the transformation over the past 40 years. I have learned a lot from leaders in our community and I am confident that bringing together the ideas of the past and present will help us overcome today's challenges. I was sworn in January 2023 to serve my first term as a Madera County Board of Supervisor for District 5.

I attended Cuesta Community College in San Luis Obispo and then transferred to California State University - Channel Islands in Ventura County where I earned degrees in Managerial Economics and Business Administration. Since moving home after college, I have had the opportunity to work with a number of organizations throughout the community. I am community focused and see a lot of the work on the horizon that needs to be done and I am eager to work alongside my neighbors, friends, and family for years to come.

As Supervisor, some of my key priorities are:

- (1) The management of our private and public lands
- (2) Housing & Homelessness
- (3) Public Safety
- (4) Tourism

As a Board of Supervisor, I sit on a number of key boards including the Sierra Nevada Conservancy, California Wildfire & Forest Resilience Task Force, LAFCO, YARTS, the San Joaquin Valley Air Pollution Control District, Madera County Transportation Commission, as well as numerous other committees. Overcoming many of the challenges facing our communities today will require partnerships both in the community and with private businesses. Working together will make Madera County and the region a better place to live, work, and play.
