Although I am representing myself in my role as a faculty member at the University of Oregon, I am also the interim vice president for research and innovation at the University of Oregon, where I am fiduciary as the 'institutional authorizing official' for all externally sponsored projects. I have a long history of federally sponsored research awards on topics related to wildfire, restoration, and rural community well-being, particularly as it relates to the US Forest Service and other federal lands. A complete list of awards for which I was PI or co-PI is included in the attached CV. In addition, the UO has nearly \$125 million on sponsored project annually, primarily from National Institutes of Health, Dept of Education, and National Science Foundation. In addition, we have a small number of awards from departments and agencies that could under the jurisdiction of this committee. However, I am not directly involved in these awards beyond my role as the authorizing official.

Please list any contracts, grants, or payments originating with a foreign government and related to the hearing's subject that you, the organization(s) you represent, or entities for which you serve as a fiduciary have received in the past thirty-six months from the date of the hearing.
