* * * * *

For Nongovernment Witnesses ONLY:

1. Please attach/include current curriculum vitae or resume. *See attached*
2. Please list any federal grants or contracts (including subgrants or subcontracts) related to the subject matter of the hearing that were received in the current year and previous two calendar years by you or the organization(s) you represent at this hearing, including the source and amount of each grant or contract.

SRP is not aware of any federal grants or contracts related to the subject matter of the hearing.

3. Please list any contracts or payments originating with a foreign government related to the subject matter of the hearing that were received in the current year and previous two calendar years by you or the organization(s) you represent at this hearing, including the amount and country of origin of each contract or payment.

SRP is not aware of any contracts with or payments received from a foreign government related to the subject matter of the hearing.

4. Please disclose whether you are a fiduciary (including, but not limited to, a director, officer, advisor, or resident agent) of any organization or entity that has an interest in the subject matter of the hearing.

Leslie Meyers is the Associate General Manager & Chief Water Resources and Service Executive for the Salt River Project.

5. Please list any current or pending litigation against the Federal government to which you or your organization is a party. Please disclose as applicable case name, docket number, the court, and subject matter of the litigation.

The Salt River Project and the United States are currently parties (along with thousands of others) in *in rem* judicial proceedings to determine the extent and priority of all water rights in the Gila and Salt River Systems in Arizona. These proceedings started in 1974 and continue today.

Leslie A. Meyers - Bio

Associate General Manager & Chief Water Resources Executive. Leslie joined SRP in 2022, with more than 30 years of water resources management experience in Arizona and the southwest. Throughout her career, Leslie has worked on strategic initiative planning and implementation with Federal, States, Tribes, irrigation districts, local governments, non-governmental organizations, and others. Leslie received a BS degree in Civil Engineering from Texas A&M University and is a registered Professional Engineer.
