The Honorable Representative Gosar,

Dear representative Gosar,

I am writing to express my strong support for HR 4255, which addresses the urgent need to delist and delink the wolf population in our region. As a concerned resident and a Graham County Supervisor and an advocate for local ranchers, I believe that the ongoing program for the Mexican Grey wolf is significantly impacting ranch productivity and the livelihood in our area. The lack of timely compensation for their losses caused by wolves further exacerbates the financial strain on these ranchers,

HR 4255 is a crucial step towards ensuring that our ranching communities receive the support they need and that the balance between wildlife conservation and agriculture sustainability is maintained. I appreciate your leadership on this issue and fully support your efforts to bring this important change

Thank you for your dedication to our community and for your continued work on behalf of all Arizonans.

Thank you,

A handwritten signature in cursive script that reads "John Howard".
