H. R. 910 – Sikes Act Reauthorization Act – Thursday, March 21, 2013

a. Any training or educational certificates, diplomas or degrees or other educational experiences that are relevant to your qualifications to testify on or knowledge of the subject matter of the hearing.

I have a BA in Biochemistry and a Juris Doctor degree. I also attended both the Basic and Graduate course at the US Army Judge Advocate’s School, where the course of instruction included environmental law as that law impacts the military.

b. Any professional licenses, certifications, or affiliations held that are relevant to your qualifications to testify on or knowledge of the subject matter of the hearing.

Licensed to practice law by the State Bar of Kansas. Currently in an inactive status.

c. Any employment, occupation, ownership in a firm or business, or work-related experiences that relate to your qualifications to testify on or knowledge of the subject matter of the hearing.

During my 32 years of service on active duty in the U.S. Army, including 25 years of service as a Judge Advocate, I had many occasions to deal with issues relating to the management of natural resources both on and off DoD lands, including under the Sikes Act. While serving as the Staff Judge Advocate (senior attorney) for US Army Forces Command during the period 1993-1997, I dealt extensively with the Sikes Act as a means of meeting the Army’s responsibilities for environmental stewardship in a way that allowed us to perform our military mission. I also was able to use the provisions of the Sikes Act, and the willing cooperation of state wildlife agencies and private groups like The Nature Conservancy, to ensure that the Army could continue its mission even in circumstances involving restrictions related to the Endangered Species Act. After my promotion to Brigadier General, my last duty assignment was as the Assistant Judge Advocate General of the Army (Civil Law and Litigation) (1999-2001) where I supervised the Army’s Environmental Law Division and the Army’s Litigation Division, including the defense of the Army in litigation related to environmental matters. During that final tour I came to appreciate even more the beneficial and effective nature of the Sikes Act, and assisted in the creation of what is now the Readiness and Environmental Protection Initiative (REPI).

Following my retirement from the Army, and having developed during my active duty service great admiration for The Nature Conservancy’s partnership with DoD, I joined The Conservancy in 2002 as a Senior Policy Advisor, focusing on our partnership with the Department of Defense under both the Sikes Act and the REPI program as well as other authorities. In the more than 10 years in my current position, I have advised The Conservancy, DoD, various State and federal agencies, and the Congress on the Sikes Act, the REPI program, and other authorities relevant to DoD. I have also worked with the Association of Fish and Wildlife Agencies, the National Conference of State Legislatures, and the National Association of Counties on these programs. I previously appeared as a witness before this committee in May of 2010 during a hearing regarding H.R. 5284, amending the Sikes Act to extend its provisions to state-owned military installations.

d. Any federal grants or contracts (including subgrants or subcontracts) from the Department of the Interior (and /or other agencies invited) that you have received in the current year and previous four years, including the source and the amount of each grant or contract.

None in my personal or individual capacity; see below for this information regarding The Nature Conservancy

e. A list of all lawsuits or petitions filed by you against the federal government in the current year and the previous four years, giving the name of the lawsuit or petition, the subject matter of the lawsuit or petition, and the federal statutes under which the lawsuits or petitions were filed.

I have filed no lawsuits or petitions in my personal or individual capacity against the federal government in the current year or the previous four years; see below for information regarding The Nature Conservancy.

f. A list of all federal lawsuits filed against you by the federal government in the current year and the previous four years, giving the name of the lawsuit, the subject matter of the lawsuit, and the federal statutes under which the lawsuits were filed.

None against me in my personal or individual capacity; see below for information regarding The Nature Conservancy.

g. Any other information you wish to convey that might aid the Members of the Committee to better understand the context of your testimony.
