Dear Chairman Yucupicio and Pascua Yaqui Tribal Council,

It is our understanding that the Pasqua Yaqui Tribe will at some point in the future seek federal legislation to put certain lands into trust by act of Congress, and also to seek to have such lands declared eligible for gaming purposes under the Indian Gaming Regulatory Act. The lands in question are located South of West Grant Road, East of Interstate 10, North of West Calle Adelanto, and West of North 15th Avenue in the City of Tucson, Arizona. (Such federal legislation is referred to herein as the “Grant Road Legislation”).

We have agreed to support the Grant Road Legislation as part of the various commitments made in connection with the recently negotiated amendments to the Arizona Gaming Compacts, which are soon to be submitted to the Department of the Interior for approval. Our support for the Grant Road Legislation is, of course, contingent upon the Department’s approval of these gaming compact amendments and the amendments becoming effective in accordance with their terms.

I am writing to confirm that, upon the “Effective Date” of the Amended and Restated Arizona Gaming Compacts, as that term is defined therein, the Community supports the Grant Road Legislation, and that you may use this letter as evidence of such support.

Sincerely,

Dear Chairman Valencia,

On December 5, 2019, the Nation was presented with the Pascua Yaqui Tribe's outline of proposed major terms for a new tribal-state gaming compact and the Tribe's request for tribal "support for Federal legislation that would allow the Grant Road Property to come into trust for gaming purposes." We appreciate the opportunity to meet twice in the last month to hear some of your plans.

The two tribes' enclosed July 20, 2000 Agreement commits us to consult with each other "before undertaking to construct new gaming facilities, to discuss the potential impact on existing markets for gaming consumers, and consider mutually beneficial resolutions for adverse results." We therefore support your plans to take this land into trust and to use it for any purpose supported by the law, including gaming, subject to terms that will address adverse impacts. Every tribe should have the opportunity to be successful to the maximum extent possible within the confines of the law.

The Nation looks forward to meeting with the Yaqui leadership to discuss how to protect the market we share and both benefit from, and we hope we can coordinate on additional compact terms that will benefit both tribes.

Dear Chairman Valencia,

The Agreement of July 20, 2000 between the Pascua Yaqui Tribe of Arizona and the Tohono O'odham Nation heralds a new era of cooperation and unity. In our view, the Agreement goes beyond gaming because it encompasses language that we "work together for the common good of our peoples." By this document, we proclaim that our governments have joined together our shared strengths in order that we may better address our common interests, while unifying against the forces of adversity. Instead of relying on a third party, both of our governments rely on our status as sovereigns to mutually resolve any issue that may arise between us. Therefore, respect and trust is critical and necessary.

Gaming has brought new revenues to fund desperately needed programs and infrastructure. We believe that the Agreement recognizes the vital importance of gaming revenues to our governments and our people. It provides a notice provision in the event of plans for any new gaming facilities. Moreover, although the location of our respective operations results in commercial competition, in accordance with the Agreement, every effort will be taken to address and resolve any potential adverse impacts. In respect of Pascua Yaqui's gaming interests, I commit to you our resolve to abide by the terms of the Agreement in the spirit of cooperation and unity.

In the near future, we will invite you and Pascua Yaqui Council to tour the Nation's new facility on Pima Mine Road. Under separate cover, we will send all of the press generated about the facility.

I look forward to working with you and the Pascua Yaqui Tribe of Arizona on issues of mutual interest and concern to both our governments.

Sincerely,

WHEREAS, the Pascua Yaqui Tribe and the Tohono O'odham Nation are currently negotiating the renewal of their Gaming Compacts with the State of Arizona; and,

WHEREAS, the Tohono O'odham Nation and the Pascua Yaqui Tribe, along with other gaming Tribes in Arizona, have agreed to foster good faith and cooperative relationships for the purpose of unifying their interests during the process of compact negotiations with the State of Arizona.

THE PASCUA YAQUI TRIBE AND THE TOHONO O'ODHAM NATION, AS SOVEREIGN INDIAN NATIONS, DO HEREBY AGREE:

1. To consult with each other, as the representatives of indigenous peoples who coexist as neighbors, before undertaking to construct new gaming facilities, to discuss the potential impact on existing markets for gaming consumers, and consider mutually beneficial resolutions for adverse results.
2. To work together for the common good of our peoples as we pursue our own strategies for economic benefits, while remembering that our material needs are temporary and that the gifts from the Creator are permanent.
