RE: **Support for H.R. 6707--*Advancing Equality for Wabanaki Nations Act***

Dear Chairman Grijalva and Ranking Member Westerman,

On behalf of **FRIENDS COMMITTEE ON MAINE PUBLIC POLICY**--a statewide network of Quakers in Maine--we write to **urge passage of H.R. 6707 *Advancing Equality for Wabanaki Nations Act*** currently under consideration before the Committee on Natural Resources.

As you may know, the outcome of Rep. Jared Golden's proposed H.R.6707 would be to remedy the damaging effect of the Maine Indian Claims Settlement Act. While this 1980 legislation helped to resolve land claim controversies in Maine, a provision added before it passed Congress also severed the longstanding Trustee relationship between the tribes in Maine and the U.S. Government. As a result, no subsequent act of Congress has had any application to the tribes in Maine unless they were named specifically in the act.

Roughly 150 bills passed by the Congress since 1980 have extended rights and benefits to the 570 other federally-recognized tribes in the other 49 states but denied these rights to the tribes in Maine. This crippling exclusion has cut off those tribes from Federal laws to improve public health, recover from natural disasters, deal with violence against women, and promote economic development for themselves and surrounding rural areas.

Passing H.R. 6707 will end this comprehensive denial of Federal benefits to the Wabanaki peoples in all future acts of Congress.

Quakers in the U.S. have a long legacy of interaction with and service to Native Americans back to Colonial times. We have not always acted wisely, but overall we have sought to be in relationship with Indigenous peoples in America with respect and justice. In full awareness of that tradition we now urge prompt passage of H.R. 6707.

Sincerely,

James Matlack, Clerk
Friends Committee on Maine Public Policy

Shirley Hager, Clerk
FCMPP Sub-Committee on Tribal-State Relations
