

From member only not the tribe

From John S Captain III

Member of Eastern Shawnee Tribe of Oklahoma Grandfather died at age 36 from ST Louis spraying of zinc caduim sulfate 1950 My great grandfather was chief Thomas Captain

Over the past 3 years I researched the abuse of our Tribal children and the Orphans left behind from war and poverty.

What I see is a long ongoing history of the Shawnee people and abuse.

The US Government promised from day one "Care and protection" and from my own experience and the children in the work camps that clearly did not happen.

Justice for Natives is not possible when the white man controls the courts and most law is created to protect them not all of us.. (as i was set up on murder in oregon)

We know they forced the kids to work, act, and even abused them as the whites wanted.

We seen the same thing in Blacks and the deaf schools.

My own child's life is ruined by Police corruption and I have zero power to fix that im not the US Government.

The US Government should also note they were testing children for ESP and MKULTRA style Mind control and that has not been told yet. That's the 2nd phase of honesty...

Thank you for taking the time to read this.
