

JARRED-MICHAEL ERICKSON

OBJECTIVE | An employment opportunity with the Colville Confederated Tribes Fish and Wildlife program as a Wildlife Biologist.

- SKILLS & ABILITIES** |
- Over ten years of experience on numerous projects with the Fish and Wildlife Department, including Wildlife Mitigation, Steelhead Restoration, Sturgeon Project, Salmon Research, M&E Project, and the Kokanee and Rainbow Trout Projects.
 - Proficient in the use of ArcGIS, GPS, and various other mapping techniques.
 - Prior experience with spraying and various farm equipment.
 - Have previously been certified with my WSDA Pesticide Applicator License with an Agricultural Weed Endorsement.
 - Pride myself on my reputation of honesty, loyalty, integrity, willingness to learn, self-motivation, and my kindness to others.

EXPERIENCE | **WEED CONTROL BIOLOGIST- COLVILLE CONFEDERATED TRIBES, FISH AND WILDLIFE**
SEPTEMBER '15-PRESENT

- Overseeing the Eastside Invasive Species Control Sub-Division of the Wildlife Mitigation Project within the Fish and Wildlife Department.
- Responsible for assisting in the conservation and management of all wildlife and their habitats that are important to the Colville Tribes.
- Controlling the spread and promoting the future prevention of invasive species.
- Responsible for performing a variety of tasks relating to the protection and enhancement of wildlife species and their habitats in areas that are affected by invasive species.
- Provide daily supervision for a field crew of 2-4 individuals.
- Inspect project lands for evidence of invasive species and infestations/outbreaks.
- Helped with the process and handling of Antelope reintroduction on mitigation lands.

COLLEGE INTERN- COLVILLE CONFEDERATED TRIBES, FISH AND WILDLIFE
APRIL 2010- SEPTEMBER 2015

- Attended college as a full-time student at Spokane Falls Community College and Eastern Washington University.
- During the summer months I worked as a full-time employee for the Fisheries Department of the Colville Tribes.
- I worked on numerous projects for the Fisheries Department including the Kokanee/Rainbow Trout Project and Sturgeon Projects.
- Adult and juvenile capture of sturgeon and larval collection and transport.
- Collection of DNA samples, measurements of sturgeon, identification of wild or hatchery status.
- Adult and juvenile capture of Kokanee/Rainbow Trout, collection of scales to determine age, and various other measurements.
- Insertion of radio tags to monitor movement and potential spawning habitats for Kokanee.
- Operated numerous marine watercrafts over 25 feet in length.
- Performed marine electro-shocking to aid in the removal of predators.

FISHERIES TECHNICIAN I & II- COLVILLE CONFEDERATED TRIBES, FISH AND WILDLIFE DEPARTMENT

SEPTEMBER 2008-APRIL 2010

- Performed backpack electro-shocking on streams to collect various data on fish, such as weight and length measurements, and scale collection to determine age class
- Performed hydro-acoustic analysis to determine the bathymetry of various lakes on the Colville Indian Reservation.
- Analyzed hydro-acoustic data to determine the depth of various lakes and possible locations of fish.
- Used various mesh sizes at different depths (gill-netting) to aid in the collection of fish that would be used for various data collection.
- Performed numerous stream surveys.

EDUCATION | EASTERN WASHINGTON UNIVERSITY- CHENEY, WA
BIOLOGY OF SCIENCE

I completed my Biology of Science degree in September 2015 with a cumulative GPA of 3.09. I studied various courses that will be relevant and beneficial to my current employment such as: Vertebrate Zoology, Ecology, Cell Biology, Ichthyology, Wildlife Management, Stream Ecology, Ornithology, Genetics, GIS for Environmental Science, and GIS I, II, and III.

SPOKANE FALLS COMMUNITY COLLEGE- SPOKANE, WA
ASSOCIATE OF ARTS

I completed my Associate of Arts degree in the Spring of 2013 with a cumulative GPA of 3.0. My classes there focused on general requirements needed to obtain a transfer degree to a University.

LEADERSHIP | I pride myself on being the type of person that leads by example. It's important to me that any individual under my supervision feels confident that I will not require something of them that I wouldn't require of myself first. I believe that working alongside my team will always create a sense of unity and will build their trust in me as a leader. I am an optimistic and positive person and I bring that with me in my every day attitude and work ethic. I find satisfaction in inspiring others to be better and to give their greatest effort in all areas of life.
