6. If you answered "yes" to either item 4 or 5, please provide the following: a) list the source (by agency and program) and amount of each Federal grant, subgrant, contract, or subcontract related to the subject matter of the hearing, and indicate whether the recipient of such grant was you or the entity(ies) you are representing; and b) list the amount and country of origin of any payment or contract related to the subject matter of the hearing originating with a foreign government., and indicate whether the recipient of such grant was you or the entity(ies) you are representing. (Please use additional sheets if necessary.)  With the assistance of my employer, salesforce.com, Inc., I have made a good faith effort to identify salesforce.com's current United States' federal customers [Attachment A] and the associated expected annual contract value for each such customer, but due to the nature of our business and customers increasing and decreasing their orders, I cannot guarantee that the expected annual contract value will accurately reflect the actual contract value. In addition, our systems are not focused on tracking whether a customer is or is not a federal agency so we may have omitted one or more customers from this list.
