**Re: Veterans Service Organization oppose the "Furthering Asbestos Claims
Transparency (FACT) Act"**

Dear Speaker Ryan, Leader McCarthy, Leader Pelosi, Whip Hoyer, Chairman Goodlatte, and
Ranking Member Conyers:

We, the undersigned Veterans Service Organizations oppose the "Furthering Asbestos Claims
Transparency (FACT) Act." We have continuously expressed our united opposition to this
legislation via written testimony to the House Judiciary Committee, House Leadership, in-person
meetings and phone calls with members of Congress. It is extremely disappointing that even with
our combined opposition, the FACT Act will be marked up in the House Judiciary Committee
later this week.

Veterans across the country disproportionately make up those who are dying and afflicted with
mesothelioma and other asbestos related illnesses and injuries. Although veterans represent only
8% of the nation's population, they comprise 30% of all known mesothelioma deaths.

When our veterans and their family members file claims with the asbestos bankruptcy trusts to
receive compensation for harm caused by asbestos companies, they submit personal, highly
sensitive information such as how and when they were exposed to the deadly product, sensitive
health information, and more. The FACT Act would require asbestos trusts to publish their
sensitive information on a public database, and include how much money they received for their
claim as well as other private information. Forcing our veterans to publicize their work histories,
medical conditions, majority of their social security numbers, and information about their
children and families is an offensive invasion of privacy to the men and women who have
honorably served, and it does nothing to assure their adequate compensation or to prevent future
asbestos exposures and deaths.

Additionally, the FACT Act helps asbestos companies add significant time and delay paying trust
claims to our veterans and their families by putting burdensome and costly reporting requirements
on trusts, including those that already exist. Trusts will instead spend valuable time and resources
complying with these additional and unnecessary requirements delaying desperately needed
compensation for our veterans and their families to cover medical bills and end of life care.

The FACT Act is a bill that its supporters claim will help asbestos victims, but the reality is that this bill only helps companies and manufacturers who knowingly exposed asbestos to our honorable men and women who have made sacrifices for our country.

We urgently ask on behalf of our members across the nation that you oppose the FACT Act.
