## Trump tries to force Ukraine to meddle in the 2020 election

Ukrainian democracy and independence. But we're reliably told that the president has a second and more venal agenda: He is attempting to force Mr. Zelensky to intervene in the 2020 U.S. presidential election by launching an investigation of the leading Democratic candidate, Joe Biden. Mr. Trump is not just soliciting Ukraine's help with his presidential campaign; he is using U.S. military aid the country desperately needs in an attempt to extort it.
