Why is such a focus put on 2nd and 3rd hand witnesses, many of whom are Never Trumpers, or whose lawyers are Never Trumpers, when all you have to do is read the phone call (transcript) with the Ukrainian President and see first hand? He and others also stated that there was.....

...Ukrainian energy company, and more millions taken from China, and now reports of other companies and countries also giving him big money, are certainly looking very corrupt (to put it mildly!) to me. Both Bidens should be forced to testify in this No Due Process Scam!

Of course, @POTUS was right about the Bidens. He has access to ALL government documents. It is interesting how all road lead back to the Clintons. See email to the State Department. Yes, Burisma's owner was under investigation in U.K. & in Ukraine. FOIA by @jsolomonReports.

They're corrupt Mr President. The democrats have stolen billions of US taxpayer dollars through Sovereign Loans and USAID. It's why they went crazy, they've been using it for money laundering on a scale that would make the mob blush.

The Obama administration "point man" for Ukraine was @JoeBiden and the work flowchart appears to be:

Congress (taxpayer ) Ukraine Burisma Hunter Biden

The ONLY way to find out for certain is to ask Ukraine for help tracking transactions!

When Democrats fill their bank accounts and line their pockets with millions and billions from foreign countries, you can bet your bottom dollar, they sold access and privy to something illegal.

Selling out America paid them good.

What appears to have happened is US politicians using their influence to steer taxpayer funds into overseas companies, and those very funds were used by the companies to PAY the politicians kids/friends/whatever. Was it really US taxpayers paying Hunter Bidens salary? @JoeBiden
