

Dear Congressman Nadler,

RE: RECA BILL – HR5338

As a recipient of this program, I fully support this bill. The difference that this has made to my family is enormous. It has helped us in so many ways and it is important that it continues to provide for future generations.

There are however some very important people who are not included within the bill, these are:

- Enewetak Atoll clean-up personnel
- 1966 Palomares clean-up personnel
- Amchitka Island (in the Aleutian Island chain in southwest Alaska) testing personnel and downwinders

We would request that these people be included in the bill and it amended accordingly.

Kind regards

John Gillespie
