7 the United States Code.

8 (b) RESTATEMENT DOES NOT CHANGE MEANING OR

10 (1) IN GENERAL.—The restatement of existing

12 ing or effect of the existing law. The restatement in-
13 corporates in title 51, United States Code, various
14 provisions that were enacted separately over a period
15 of years, reorganizing them, conforming style and
16 terminology, modernizing obsolete language, and cor-
17 recting drafting errors. These changes serve to re-
18 move ambiguities, contradictions, and other imper-
19 fections, but they do not change the meaning or ef-
20 fect of the existing law or impair the precedential
21 value of earlier judicial decisions or other interpreta-
22 tions.

23 (2) RULE OF CONSTRUCTION.—

1 (A) IN GENERAL.—Notwithstanding the
 2 plain meaning rule or other rules of statutory
 3 construction, a change in wording made in the
 4 restatement of existing law enacted by this Act
 5 serves to clarify the existing law as indicated in
 6 paragraph (1), but not to change the meaning
 7 or effect of the existing law.

8 (B) REVISION NOTES.—Subparagraph (A)
 9 applies whether or not a change in wording is
 10 explained by a revision note appearing in a con-
 11 gressional report accompanying this Act. If
 12 such a revision note does appear, a court shall
 13 consider the revision note in interpreting the
 14 change.

19 pabilities and related services in a manner that
20 ensures appropriate accountability, trans-
21 parency, and maximum efficiency in the pro-
22 curement of the capabilities and services. The
23 review shall include identification of proposed
24 measures to address—

1 “(i) risk management and means of
2 indemnification of commercial providers of
3 the capabilities and services;

4 “(ii) quality control;

10 MENT.—A description of the proposed procure-
11 ment process and justification of the proposed
12 procurement for its selection shall be included
13 in any proposed initiation of procurement activ-
14 ity for commercially developed crew transpor-

16 ject to review by the Committee on Commerce,
17 Science, and Transportation of the Senate and
18 the Committee on Science, Space, and Tech-
19 nology of the House of Representatives before
20 the initiation of any competitive process to pro-
21 cure the capabilities or services. In support of
22 the review by the committees, the Comptroller
23 General shall undertake an assessment of the
24 proposed procurement process and provide a re-
25 port to the committees not later than 90 days

1 after the date on which the Administrator pro-
2 vides the description and justification to the
3 committees.

4 “(3) USE OF GOVERNMENT-SUPPLIED CAPA-
5 BILITIES AND INFRASTRUCTURE.—In evaluating any
6 proposed development activity for commercially de-
7 veloped crew or cargo launch capabilities, the Ad-
8 ministrators shall identify the anticipated contribu-
9 tion of Government personnel, expertise, tech-

11 of design, development, or operations of the capabili-
12 ties. This assessment shall include a clear delineation
13 of the full requirements for the commercial crew
14 service (including the contingency for crew rescue).
15 The Administrator shall include details and associ-
16 ated costs of such support as part of any proposed
17 development initiative for the procurement of com-

13 such development is initiated, the Administrator
14 shall make available any relevant government-owned
15 intellectual property deriving from the development
16 of a multipurpose crew vehicle authorized by this
17 section and sections 71522 and 71523 of this title
18 to commercial entities involved with such crew res-
19 cue capability development which shall be relevant to
20 the design of a crew rescue capability. In addition,
21 the Administrator shall seek to ensure that contracts
22 for development of the multipurpose crew vehicle
23 contain provisions for the licensing of relevant intel-
24 lectual property to participating commercial pro-
25 viders of any crew rescue capability development un-

1 dertaken pursuant to this section. If 1 or more con-
2 tractors involved with development of the multipur-
3 pose crew vehicle seek to compete in development of
4 a commercial crew service with crew rescue capa-
5 bility, separate legislative authority must be enacted
6 to enable the Administrator to provide funding for
