When Joe Biden (Barack Obama) put Kamala in charge of our open southern border, they knew exactly what they were doing.

They knew that no one would hold the almost invisible Vice President accountable for the nightmare that would surely ensue as a result of their lawless policies. They knew that opening our borders to violent gangs, drug cartel members, human sex traffickers, pedophiles, murderers, and rapists who were recently released from Venezuelan prisons would destroy large cities and local communities. They knew these criminals and thugs would displace minorities in sanctuary cities like Chicago and Aurora, CO., but it was worth it for them. Democrats traded the basic right of US citizens to be protected by their government from foreign invaders in their homes and communities for millions of new votes.

Democrat leadership knew that the very people who voted for them in 2020 would be the people who would suffer the most, but they didn't care because they knew the violence would never reach them.

Nobody is safe in Border Czar Kamala Harris' new America. Most recently, low-income apartments have been taken over by armed Venezuelan gangs in Aurora, CO, and last night in Chicago, IL.

Today, it was reported that law enforcement in the sanctuary state of Connecticut is ringing the alarm bells about the same violent Venezuelan gang responsible for the forcible takeover of the apartments in Aurora, CO.

Police reports already confirmed their presence in 11 states and it's estimated around 1,000 members are in our country illegally.

Almost every day, new stories about illegal aliens kidnapping, raping, murdering, and killing US citizens in drunk driving accidents are appearing in the local news. International violent gangs, like MS-13, are dismembering their victims as a sign to others not to cross them.

Meanwhile, the corporate media is working overtime to hide stories that reveal the violent crime that's already on our doorsteps. Instead of warning Americans about what's coming, they sugar-coat the truth about the uptick in violent crime in every single sanctuary city and state.

Although it may be too late, Americans in Democratic-stronghold cities are finally beginning to wake up and realize that they've been duped by Democrats they helped elect. Sadly, they believed the promises Democrats made when they said they'd help keep their communities safe.
